Table Decor & More, which provides wedding planners Charlotte NC residents can go to, has announced the availability of an all inclusive list of wedding packages, designed to provide all necessities for that special day. Jerri Patterson, spokesperson for Table Decor & More, has released a statement about the company's wedding packages. He said, "We are the only one-stop planning and staging company for weddings in the area. We offer everything you need to pull off the perfect special day."

Unlike other companies, Table Decor & More does not offer individual services. They are exclusively a complete package wedding planner, providing packages that include everything needed for a wedding, which they state is what saves their clients time and money.

The all inclusive packages consolidate all wedding plans, helping future brides and grooms to keep their costs within budget. The company owns a warehouse that they have stocked with everything needed to stage weddings, which results in more savings for their clients.

"We really do everything we can to make our events not only spectacular, but affordable as well," states Jerri

Patterson. "We'll make sure that your wedding is exactly what you hope it will be. That's what we do, and we do our jobs well."

The company states that their most popular package is also the most comprehensive, and provides everything that a bride needs to host the perfect wedding. They assist in designing the theme and decorations, and provide catering, DJ or band services, bar service, photography, wedding cake, tables, and chairs, linens, and flowers. They can also arrange for bridal parties to have hair and makeup services taken care of as well.

Patterson states that the entire all inclusive process begins with an initial consultation, where staff will meet with the bride and groom to discuss preferences, and what they want their wedding to be, as well as budget. After that initial meeting, the company states that they will begin working toward creating the wedding of a lifetime for clients, with everything included, saving money, time, and stress.
