A number of people in the area have experienced the strength of their services firsthand, and many have then left excellent reviews of the company. The San Diego contractor places great emphasis on customer satisfaction, and this can be seen in the reviews they regularly receive from satisfied clients.

Ed and Ruth Fordyce, a couple who had Christian Roofing work on their roof, explain that, ?We would like to express our appreciation for your excellent work on our roof. We feel you went above and beyond what was required to solve our problem, with the ventilation on our furnace. In addition, the crew you sent to our home was professional, efficient and had an honest work ethic. We won?t hesitate to recommend your company to others in the future.?

A Yelp review from a customer who identifies themselves as Steve says, ?Christian Roofing put a new roof on our house in the San Carlos neighborhood of San Diego back in May. New roof, new deck underneath, all new fascia boards, O'Hagen vents, the works. They did a terrific job, including protecting our stuccoed soffits, making minor cosmetic repairs there as needed to make the seams look right. They also did great work on our new fascia boards, including painting them the color we chose, making the joints look aesthetically pleasing and painting some trim below the roof we negotiated into the price. Very happy with our roof and the work they did. Owner Shawn P. was also very responsive to questions, etc.?
