

NuSmyle Dental Is the Place to Go When Looking for a Dentist Office Near Me in Logan UT

February 22, 2021

February 22, 2021 -

NuSmyle Dental is pleased to announce that they are the place to go when people are searching for a dentist office near me in Logan, Utah, and its surrounding areas such as Providence, North Logan, and River Heights. Therefore, those who have tooth decay, dental abscess, toothache, and other dental problems may want to check out the dental office of Dr. Edwin Hurst, who has accumulated three decades of experience in general dentistry and family dentistry. Dr. Hurst has expertise in various fields, including root canals, implants, oral surgery, dental crowns and bridges, and periodontal surgery. And people who have already tried Dr. Hurst's dental services have given highly positive feedback. For instance, he has an overall rating of 4.6 stars in Health Grades (<https://www.healthgrades.com/dentist/dr-edwin-hurst-3h7xj>).

Meanwhile, on Google, NuSmyle Dental has an overall rating of 4.9 stars. In one recent review, Heather P. gave the dental practice five stars and said, "I originally found this office for an emergency wisdom teeth removal, and have kept going to them ever since. They made a new retainer for me, did my dental cleaning, and Dr. Hurst sculpted my cosmetic composite veneers for me all within the past six months. They have been easy to keep in contact with, responding to calls, texts, and emails quickly. They have the friendliest, most accommodating staff I've had the pleasure to work with. I highly recommend NuSmyle."

Dr. Edwin Hurst says, "Such highly positive reviews make us very happy, of course. We would like to express our gratitude to those who have taken the time to provide us with their feedback. This is important to us because it tells us if we have been achieving our goal of providing excellent service. And it makes us feel proud to have such a high overall rating because it means we have truly been providing the best possible dental service. Rest assured that we will continue to do our best in our general dentistry services."

Dr. Hurst offers a wide range of family dentistry services, such as fillings, dentures, crowns, cosmetic dentistry, extractions, veneers, bridges, implants, root canals, teeth whitening, and gum treatment. NuSmyle Dental provides fillings for tooth cavities ranging in size from small to medium. Dr. Hurst uses a dental filling that is made from a composite material that has silica particles embedded in a light activated resin. This composite material is very durable and strong. And it has a color that closely mimics that of a natural tooth, which means other people will hardly notice it.

Dentures are provided for patients who are missing a tooth or several teeth. This is a restorative remedy for lost teeth and Dr. Hurst provides some of the most life-like dentures possible. He can provide partial or complete dentures, depending on the patient's dental requirements. These can be conventional or immediate dentures. Conventional dentures are provided to patients who already have dentures and are requesting for another set. Immediate dentures, just like their name implies, are immediately produced and then placed right after tooth extraction so that the patient won't have missing teeth.

For patients with toothache, tooth decay, dental abscess, and other issues, Dr. Hurst may provide tooth extractions. To minimize pain and discomfort for patients, he uses his years of experience in in-house sedation alternatives, such as local anesthetic, oral sedation, nitrous oxide gas, and general anesthesia. During his three decades of experience, he has noticed that most of his patients chose one or a mixture of the first three options.

Meanwhile, Dr. Hurst has already performed thousands cosmetic dental procedures, and he always keeps himself up-to-date on the latest and most effective cosmetic dental treatments to make sure that his patients get the best possible service.

Those who are looking for dentist office near me in Logan and neighboring areas that provides family dental and general dentistry services may want to visit the NuSmyle Dental website, or contact them through the telephone or via email. They are open on Mondays, Tuesdays, Thursdays, and Fridays, from 8:00 am to 5:00 pm. Those who are interested may also follow Dr. Hurst's Facebook page at <https://www.facebook.com/edwinhurstdds/>.
