

Quality Homes Reimagined, LLC: We Buy Houses in Salem OR

February 03, 2021

February 03, 2021 - PRESSADVANTAGE -

Quality Homes Reimagined, LLC, a company based in Sherwood, Oregon, is pleased to announce that they are buying houses in Salem and the neighboring areas. They also sell wholesale properties, partner with local real estate agents to expand their network, and offer opportunities for real estate investors. They want residents of Salem to know that they are ready to support the Salem market. They have earned the reputation of being a trusted company and they take pride in being a local real estate company with a fast and convenient home buying process.

The company is a straightforward home buying company that is ready to offer cash for homes in Salem, Oregon, and surrounding areas. Closing can be done in just a matter of days if the homeowner accepts the offer from Quality Homes Reimagined. This is because cash will be used to pay for the property, which means that there would be no need to wait for a bank approval for home financing, which is the norm for the traditional way of selling the home with the help of a real estate agent. And because they are willing to accept a house in as-is condition, there would be no need for the home seller to clean and/or repair the house, which would be the norm when selling it the traditional way.

Steven Allen, co-owner and co-founder of Quality Homes Reimagined, says, "We buy houses in Salem, OR in any condition. No realtors, no fees, no commissions, no repairs & don't worry about cleaning the property. We handle all that for you. Call us on the phone and we may be able to provide you with a fair cash offer in 48 hours or even less. And remember, we buy houses in any condition."

He continues, "We treat our clients like family, we have your best interest at heart. We are capable of providing a fair cash offer and share all the necessary details of the transaction. Transparency is important to us."

Selling a property to Quality Homes Reimagined is a simple three-step process. The first step is for the

homeowner to call them or fill out the online form. After the company has received the completed form or the call from the potential home seller, they will schedule a property viewing and if the property is within the parameters of their buying criteria, they will give the homeowner a fair, all-cash, no-obligation offer within 48 hours or less of getting informed of the owner's intent to sell. In the third and final step, the company will close escrow and transfer the offered amount. This usually occurs not longer than 14 days from the time the seller accepted the offer.

Steven Allen wants to point out that there are a number of factors that make them stand out among the crowd and that have made them a trustworthy cash home buyer. First of all, Quality Homes Reimagined is a local business, which means that they are familiar with the area and their in-depth knowledge of the local real estate market will allow them to offer a precise and fair cash offer for the home. Second, they are well-known for providing quality services as evidenced by their being BBB-accredited. Third, they always make the convenience of the home seller their priority. That is why they are offering cash for a property in any condition, and they will take care of the inspection and even the closing costs. In addition, they will make the offer within a span of 48 hours. And finally, they always treat their clients like family, which means that they will always consider what is best for the home seller. And it is also important to note that real estate investors can also use their services in which they are ready to offer various investment opportunities.

Those who are interested in knowing more about the easy 3 step process to get a fair cash offer for their home may want to check out the Quality Homes Reimagined website, or contact them through the telephone or via email.
