Panama City, Fla. ? CCS Floor Care recently rewarded one of their operator technicians, Anthony Zermeno, with the CCS Platinum Record, recognizing his outstanding accomplishments during the past year. The local Panama City carpet cleaning company is proud to present Zermeno with this award, as he has been a key asset to the CCS team.

The CCS Platinum Record is representative of Zermeno?s hard work and above-and-beyond achievements. He earned the award this year for producing over $240,000 in volume as a single operator technician. His expertise in what he does has made him a vital part of the CCS Floor Care operation. For this reason, Zermeno was promoted to Operations Manager back in January of 2020. Since then, among other accomplishments, he has led a seven-man team of technicians with excellent leadership.

CCS Floor Care is beyond proud of Zermeno for his hard work and outstanding performance, and they could

not be more thankful to have him as a part of their well-oiled team. As a service-providing business, CCS Floor Care puts great importance on constructing the right team of cleaning technicians. They must have a team that works well together and produces optimal results for their clients.
