

Mike Mille Becomes #1 Amazon Best Selling Author

September 23, 2015

September 23, 2015 - PRESSADVANTAGE -

Pastor Mike Mille of White Dove Church in Harvey, LA has announced that his book, "Recognizing and Defeating the Demonic" has hit the bestseller's list on the Amazon marketplace. The book went to number one in a number of categories in less than 24 hours after being released.

Pastor Mike recently stated, "My book is about learning how to recognize demon activity so that you and your family can take back the ground stolen by unseen dark spirits. It's about learning how to deal with demons the way Jesus did."

The book hit number one in Religion and Spirituality on Amazon, and in a number of sub-categories including Faith, Leadership, and Controversial Knowledge. It also ranked in the top 10 for six other categories. Mike Mille ranked number 98 in the top spots for Religion and Spirituality Authors. The book is offered on Amazon for Kindle, and can be downloaded instantly.

"I wrote the book to help people live at the higher levels that God has called them to," states Pastor Mike. "My book speaks about how God only wants good relationships, health, and prosperity for his children. If those are things that are not happening in your life, then there can only be one cause and that is hidden spirits of harm like locusts that are destroying the harvest that God wants all of his children to have."

Mike Mille offers insights into his discovery that many mental and relationship problems seen in America are the "work of demons." He states that the book explains the traps that keep people from rising to their next level of success, both in their personal and business lives.

The book can be seen on the Amazon marketplace by clicking [here](#). White Dove Church serves a number of areas with locations in Harvey, Baton Rouge, Lafayette, Slidell, Louisiana and Magnolia, Arkansas.
