

Revitalize You MD Is Offering Weight Loss Services In Roswell, Georgia

February 03, 2021

February 03, 2021 -
Revitalize You MD, a health and wellness clinic in Roswell, Georgia, is offering weight loss services for its clients of all ages. The clinic also offers other services such as BOTOX, hormone replacement therapy, IV therapy, Juvederm, Microneedling, P-Shot, and PRP.

Obesity is linked to the leading causes of death in the United States such as diabetes, heart disease, stroke, and some types of cancer. The clinic touts the many benefits of weight loss in order to inspire its clients to make a positive change in their lives. Apart from the reduced risk of heart attack, stroke, and diabetes other positive benefits of weight loss are increased energy levels, increased productivity, increased sex drive, enhanced self-esteem, enhanced self-confidence, enhanced mood, improved sleeping patterns, improved immune system, improved skin complexion, reduced joint pain, and reduced stress. The benefits are apparent regardless of the gender or age of the participants. A healthy body, mind, and lifestyle have a hugely positive effect on the outlook towards life.

The clinic prides itself on providing solutions that are customized for every patient that walks in through its doors. The programs that the clinic?s doctors offer are crafted to fit the patient?s current situation, lifestyle, and health goals. There is an emphasis placed on gradual changes that can not only help in the short term but make the positive effects stick for good. These gradual changes to lifestyle ensure that once the patients lose weight, they keep it off for good. The clinic?s programs are a mixture of individualized services like exercise programs, health coaching, IV therapy, meal planning, and the clinic?s line of supplements. Patients can follow the clinic?s Facebook page for updates regarding its programs.

The clinic offers the HCG weight loss program. It is a 21-day active weight loss program using HCG injections. HCG or Human Chorionic Gonadotropin is a hormone that controls the body?s metabolic functions. When it is injected and levels increase inside the body, the body is forced to burn adipose fat. Such a program when paired with a low-calorie diet has shown to promote weight loss at the rate of half a pound or a pound daily. The benefits of the HCG program are improved metabolic function, increased energy, healthy weight reduction, lower cholesterol, preserved muscle integrity, hormone regulation, no associated hunger, and better endurance.

The medical director of the clinic, Dr, Jonathan Diruzzo MD says, ?There are a lot of shortcuts to success touted by countless weight loss programs. It is however very dangerous to embark on treatment without the supervision of a medical practitioner. Some treatments might even look like they are working in the short term. In the long term, these solutions all fail with the patient putting back all the weight that they lost. We look at weight loss from a holistic perspective. We are here to transform lives and there is no quick fix for that. We work with the patient to understand their goals and chart a solution that works especially for them. We work with the patient while they are with us and also guide them to adopt a lifestyle that can sustain their ideal goal weight. Our dedication to our patients is our biggest strength and is the reason that they trust us wholeheartedly.?

Dr. DiRuzzo earned a Bachelor of Science degree in Biology with a minor concentration in chemistry. In addition, Dr. DiRuzzo holds a Doctor of Medicine; he is a Board Certified Anesthesiologist. Dr. DiRuzzo continues his pursuit of medical knowledge through a Diplomate Certification in Anti-Aging Medicine.

A review of the clinic?s weight loss program by Myrna Scheer says ?If you want a team that will take your weight loss goals seriously, the staff at Revitalize You will prioritize you for sure. I've lost 15 pounds since I started my weight loss program. Thanks guys :)? More reviews of the service can be viewed on the clinic?s GMB listing.

The clinic can be reached at the phone number (678) 304-1850 or its email id at info@revitalizeyoumd.com.

They are open from Monday to Friday 9 AM to 5 PM.
