Ireland HVAC Opens New Office in Greenwood IN

February 02, 2021

February 02, 2021 -
Ireland HVAC announces the opening of a new location in Greenwood Indiana. The new location will serve as the Greenwood region and surrounding communities.

Providing extended coverage is a top priority for Ireland HVAC, but the company also realizes the importance of having a local presence in their respective regions. Having close proximity to customers offers faster response times, guaranteed on-schedule completions and fully customizable services.

This is an exciting time for Ireland HVAC. Due to our continued growth, it only made sense to cement our commitment further by making Greenwood a city for our continued expansion. The new location will ensure for the long term that we can continue to exceed the needs of our customers.

Ireland HVAC?s presence in the Midwest market will allow them to better understand the local communities. All plumbing and HVAC projects are performed by highly certified and trained technicians who meet the state qualifications. All work is also guaranteed to be compliant with state and federal regulations.

For Midwestern retailers and corporations that do happen to experience an issue with plumbing or HVAC/R, Ireland HVAC now has the available resources to deliver fast and immediate service. With an expanding

physical presence in Greenwood, the company looks forward to expanding its presence in additional markets.

Ireland HVAC is a top-performing HVAC, refrigeration, and plumbing services to retailers and commercial multi-site properties in Greenwood. Ireland HVAC attributes its success to its team members and their commitment to customer service, which is available 24/7.
