

RBC Cambridge Provides Secure Business Offer

February 09, 2021

February 09, 2021 - PRESSADVANTAGE -

Fort Saskatchewan, Alberta based TELUS/Cambridge Electronics Incorporated is pleased to announce the launch of a new special offer for small business clients. This offer is available from February 3rd to February 28th and aims to help small businesses prosper this February. Small Businesses that do their banking with the Royal Bank of Canada will get up to 50% off select TELUS Secure Business plans. The offer is only open to RBC small business clients and excludes commercial or consumer accounts. Customers must be a registered business in order to be eligible. The offer is valid for new TSB customers who activate a new 36-month contract and must be redeemed at TELUS Corporate Stores, Authorized Dealer locations or internal sales teams.

TELUS understands that running a small business can be very difficult, and this is why the company has partnered with top brands to bring the best, most exclusive savings on products and services that their customers know and love. TELUS deals offer ways for small businesses to run for less while still saving. The process of claiming the promotional benefits is relatively simple. The first step is to log in and then click the partner perks for business banner to see related offers. The next and final step is to choose a partner offer and go through their fulfilment process.

There is a long list of benefits, and the providers from which these benefits are available vary greatly. Workperks, for example, is offering 30% on every employee invited to the program and gives exclusive access to special offers on life essentials and more from brand names and local favourites. Business owners can also earn up to \$20 on their TELUS spend when they join Ampli. This presents an opportunity to earn real cash on everyday purchases for one's home or business. Earning is easy and simple, and many have already begun taking advantage of the opportunity to earn cash that Ampli provides.

TELUS is a world leader in communications and information technology that sees over 14 billion in revenue annually and has over 15 million customer connections across a wide range of platforms, including wireless, data, IP, voice, television, entertainment, video and security, healthcare and agriculture.

TELUS's goal is to apply their world leading technology to improve the lives of all Canadians. Our business

is connecting Canadians, says TELUS. Our purpose is using our world-leading technology to create meaningful change, give back to help communities thrive and help those who need it most. Our customers enjoy the highest satisfaction and loyalty in the industry. Whether we're helping you online, over the phone or face-to-face, you'll enjoy a completely redefined experience.

What sets TELUS apart, the company asserts, is their commitment to offering excellent service. Putting customers first means that TELUS offers the very best products and services on the market to keep their customers connected over the world class networks that TELUS has built over the years. Be it convenience of self service or face to face conversation, TELUS has the tools and expertise needed to help customers achieve all their goals.

A number of customers have left highly positive reviews of TELUS/Cambridge Electronics Incorporated on their Google profile. Mike Sandi's 5-Star review says that their time with the company was the, "Best TELUS experience I ever had. Picked up an iPhone SE 2020 for my son. Nice phone with the enhanced camera and faster processor. Kid loves it. Learned so much from this sales rep at Cambridge Electronics about the use of the iPhone as well as getting the Peace of Mind Plan with no more extra data charges."

Another 5-Star review from Kyle Johnson states, "Just went in today during social distancing, and Dan helped me get a new phone quickly and pain free! He actually went above and beyond and got me a phone I couldn't get previously! Super friendly and respecting the current social situation. Will and would recommend to anyone reading this!"

For more information on the RBC TELUS Secure Business offer and more, visit their website or contact Dan LHeureux of Telus/Cambridge Electronics Incorporated directly. TELUS/Cambridge Electronics Incorporated is always looking for ways to provide great service and great deals, and one can be sure to find the very best deals on the company's online platforms.
