Parc & Main, LLC, a real estate agency based in Stone Mountain, GA, is happy to announce that Ray and his family were able to sell their house at River Plantation in Duluth, Georgia, in just three days. The property is a custom-built home at the River Plantation, which is a wooded community that is found on Peachtree Industrial Boulevard between Duluth and Suwanee in the prestigious Peachtree Ridge school cluster. This particular real estate transaction was brokered by Parc & Main, led by Real Estate Broker and broker Carmen Peay.

Carmen Peay herself says, "There was a lot of interest in this house. Ray was easy to work with and the selling process was a joy because of him and his family. It was important that we practiced safe COVID practices and the closing was also socially distant. This demonstrates that we still sell homes while keeping all parties safe."

According to Carmen Peay, the house has it all, from the Zoysia front lawn with a custom cascading waterfall, custom bookshelves, soaring windows in the two story family room, custom paint, hardwood floors throughout, and a first floor in-law suite. It also has a media room with a custom pool table, finished terrace level with an attractive custom bar, kitchenette, a one of a kind custom-made iron screen on a huge gas fireplace with custom hearth, and a bonus room. The home has an attached storage garage at the back and a very private backyard that offers mountain-like views from the breakfast nook and adjacent sun porch.

When considering a house that is being offered for sale, it is also a good idea to take a look at the neighborhood where it is located. In this particular instance, the house that was sold in just three days is located at the River Plantation, which is a reputable and much sought-after community that offers various amenities to residents, such as an outdoor pavilion; junior Olympic-size swimming and children's splash pools; a clubhouse; a children's playground; and tennis courts that are used both for leisure play and USTA and ALTA leagues all year round.

For those who are planning to sell their house, it would be a good idea for them to take a look at the house sold near me. This will allow them to set a reasonable selling price for their property. But most of the time, it would be a good practice to get the assistance of a professional real estate broker like Carmen Peay. A local broker is knowledgeable regarding the ins and outs of the real estate market and can provide the right advice to someone who wants to sell his or her home fast.

Furthermore, the professionals at Parc & Main, LLC have the experience, knowledge, and tools to help a home seller achieve his or her real estate goals. They have the capability to help sell any home in any condition fast because they have in-depth knowledge of the market and know how to sell the property quickly at market value.

Carmen Peay obtained her original license in Virginia in 1999 and at present, she has broker licenses in the states of Georgia and Virginia. This means that she has more than 20 years of experience in the sale and valuation of residential properties.
