Lampasas Residents to Get Affordable Dumpster Rentals Thanks to CTX Dumpsters

February 05, 2021

Round Rock, Texas - February 05, 2021 -
Local rental service CTX Dumpsters today announced its intention to introduce even more affordable dumpster rental pricing in Lampasas to ensure that homeowners and businesses who rely on residential and commercial waste removal services can afford them.

The company?s founder and owner, Mr. Jeremy Thrailkill, said that the company is excited to make this move because its core aim is to ensure that anyone who needs a dumpster in Central Texas can access one without breaking the bank. Mr. Thrailkill also said that his idea to start a dumpster rental company was born out of the desire to ensure that customers who needed dumpsters could find low-cost, reliable roll-off containers near them.

?Renting a dumpster in Lampasas or any city in Central Texas should not cost so much, but because of the limited number of dumpster rental companies offering reliable dumpster rentals in the area, there was a huge demand for these services, which has driven prices through the roof. CTX Dumpsters seeks to offer customers reliable services at a lower cost and, on this basis, has acquired even more roll-off containers to meet the demand,? said Jeremy.

CTX Dumpsters caters to homeowners, businesses, institutions, and contractors in Central Texas. They offer roll-off containers in four distinct dumpster sizes, which are; 10-yard dumpsters, 13-yard dumpsters, 15-yard dumpsters, and 20-yard dumpsters. Their dumpster rental prices differ according to what size dumpster a customer chooses to rent. They range from $249 for a 10-yard dumpster rental, $279 for a 13-yard dumpster rental, $299 for a 15-yard dumpster rental, and lastly, $329 for a 20-yard dumpster rental. They offer customers a 1-7 day rental period and offer extensions at an additional charge should the customer wish to keep the rental dumpster for longer.

CTX Dumpsters is not a new dumpster rental company. It services a dozen cities in Central Texas and delivers rental dumpsters to nearby towns and communities. If a customer is far from the company?s delivery area, they can still provide the dumpster to them at a delivery fee. Some of the cities listed as part of CTX Dumpsters delivery include: Austin, Lampasas, Round Rock, Pflugerville, Killeen, Liberty Hill, Hutto, Temple, Georgetown, and Taylor, to name a few. Individuals can contact the company directly to inquire about other delivery areas and options.

CTX Dumpsters has concentrated its services in providing commercial dumpster rentals and residential dumpster rentals. Although the company rents out its containers for construction waste removal, the company only allows roofing materials, wood, lumber, and other such construction items on its roll off bin rentals. The company does not under any circumstance accept manure, dirt, rocks, or concrete inside dumpsters. CTX Dumpsters allows a wide variety of residential and commercial waste inside their dumpster rentals but, like other companies, does not allow the dumping of hazardous waste.

Interested parties looking for roll-off dumpster rentals in Lampasas, TX, or would like more details about the company?s services, pricing, and rental terms can check the company website here https://www.ctxdumpsters.com/dumpster-rental-lampasas-tx/.
