CTX Dumpsters Happy To Announce Expansion of Dumpster Rental Service To Liberty Hill, Texas

February 05, 2021

Round Rock, Texas - February 05, 2021 -
Reputable Austin dumpster rental CTX Dumpsters today announces its move to expand its service delivery to include Liberty Hill and the surrounding areas.

Jeremy Thrailkill, the company's founder, was thrilled to share the news with homeowners, businesses, and communities in the Liberty Hill area. Jeremy said that he remembers where the company first started and is very happy to expand his business across Central Texas. Mr. Thrailkill credits the dumpster rental service's success to remaining true to what he says is the company's core belief. That is the duty to provide affordable waste disposal options for everybody who needs one in Texas, always to put customers' needs first.

Mr. Thrailkill further stated, "CTX Dumpsters is a company that has built its reputation around customer satisfaction, and by providing on-time deliveries to customers every time." Said Mr. Thrailkill, "Now that CTX Dumpsters is expanding into Liberty Hill and its surrounding communities, customers should expect clean, affordable, and reliable dumpsters as well as excellent customer services always."

According to customer reviews from Google, Yelp, and Facebook, CTX Dumpsters seems to be a legit,

reliable dumpster rental service. The majority of reviewers have lauded the company for being reliable, customer-focused, and providing affordable dumpster rentals to its customers. The company has also been listed with the Better Business Bureau and actually has an A+ rating, and it also has an active customer-interactive social media platform on Facebook.

CTX Dumpsters provides four sizes of roll-off containers for its customers to select their dumpsters from. They offer 10-yard dumpsters at $249, 13-yard dumpsters at $279, 15-yard dumpsters at $299, and 20-yard dumpsters at $329. The dumpsters differ in capacities and the weight limits that each can hold and haul at a time. The company also allows customers to extend their rental periods if they have to do so at an extra additional fee beginning from the 8th day.

CTX Dumpsters primarily focuses on providing homeowners, businesses, companies, and contractors with dumpster rentals for commercial waste removal and residential waste removal. While it allows some construction debris on its containers, the company expressly prohibits dumping cement, rocks, bricks, and dirt inside its dumpsters. The company also does not allow the dumping of any manure in its rental dumpsters.

However, CTX Dumpsters allows a wide variety of materials on its dumpsters, as listed on its website. Before scheduling a dumpster delivery, it is essential to verify whether or not the company takes the type of waste a customer's project will be generating just so that they are on the same page and do not incur additional costs in contamination fees.
