There are numerous benefits to using a limousine service. It is a practical way of getting around a major city, especially during a first time visit. Another major benefit of traveling in a limo is comfort. It is a widely known fact that there is no vehicle or car more comfortable than a limo. Limos are known for their luxurious interiors and comfortable seats. Ambassador Limousine Service offers luxury sedans, stretch limousines, passenger vans, shuttle buses, mini buses, and motor coaches that are second to none. The majority of the company's fleet of vehicles are brand new. Those that are not brand new are in brand new condition. The vehicles go through regular detailing and maintenance with safety as the focus.

When asked how his business standards have evolved in his company, Owner Ayman responded with, "As the industry has evolved, so has our company standards. The evolution of technology has made it easier and more efficient, but it's taken some of the prestige out of this industry. Rideshare has taken some of the prestige out of it. You think of that white glove service, opening the door, we sure the integrity remains in tact. We properly train our chauffeurs and make sure they are high-level professionals who have proper work ethic and discretion. Other companies are just trying to get by. We push our team to go to the next level, because we are the best."

For Ayman, the Owner of Ambassador Limousine Service, life as an entrepreneur began very early. "There was a convention in town and my dad and best friend asked me to be the greeter at the airport. I started making money and wanted to do it more. When I turned 16-years-old, I began driving and stayed in the luxury transportation business ever since."

Ambassador Limousine Service has been a trusted transportation provider in the Atlanta region for decades. Serving ATL ? Hartsfield-Jackson Atlanta International Airport, the company provides exceptional ground transportation for individual business travelers to large groups arriving or departing Atlanta International airport and all Atlanta regional and private airports.
