

Indiana Retirement Expert Scheduled to Host Live Social Security Workshops on October 13th and 20th

September 14, 2015

September 14, 2015 - PRESSADVANTAGE -

Roann, IN: When to file for Social Security is one of the biggest decisions that baby boomers make when it comes to their retirement. In fact, how one files can affect benefits. There are a lot of very common mistakes people make when signing up for Social Security; like assuming that attempting to draw full benefits at age 65 will allow for a sufficient and comfortable retirement. This is not always the case.

Terry DuPont, a Roann, Indiana retirement planning expert, is offering two free seminars on October 13th and 20th dubbed "Savvy Social Security Planning For Baby Boomers". These seminars are designed to help people learn little known strategies that are capable of boosting benefits and greatly increasing retirement income.

Retirement planning requires customization to each client's goals and circumstances. Special strategies should be developed for married couples, as opposed to divorced individuals and minor children. Unfortunately, too many people try to do their own retirement planning to their own detriment. One uninformed decision could potentially impact one's income by tens of thousands of dollars.

"It's critical to have the guidance of an advisor to really understand the variety of options that are available to you," says Terry. "Attendees of my 'Savvy Social Security Planning For Baby Boomers' seminars will learn exactly how benefits are calculated along with simple strategies that can possibly increase them."

"During my seminars, there is a section about Social Security timing. I explain how what you don't know could cost you thousands of dollars," adds Terry. "By learning when to apply for Social Security and how to coordinate your benefits based on your unique situation, you can make the most informed decision to avoid mistakes and maximize your income and assets."

The "Savvy Social Security Planning For Baby Boomers" seminars take place at 6:00 PM, Tuesday October 13th at the Warsaw Community Public Library, which is located at 310 E Main St, Warsaw, IN 46580. For reservations at this workshop at the Warsaw Library call 574-267-6011. The second workshop is on Tuesday,

October 20, 2015 at 5:30 P.M at the Pulaski County Public Library, 121 South Riverside Drive Winamac, IN 46996. Seating for both workshops is limited and reservations are required! Call Today to Guarantee Your Reservation: 1-800-234-4452 Ext 2. (If married, spouses are urged to attend.)
