

West Cobb Dentistry Listed as One of the Best Dentist Offices in Kennesaw GA

February 23, 2021

February 23, 2021 -
West Cobb Dentistry, based in Kennesaw, GA, is proud to announce that they have been listed as one of the 10 best dentist offices in Kennesaw. This was based on the highly positive reviews that they have received from their patients. This dental practice is owned by Dr. David L. Goettee, DDS, who opened his first dental office in Smyrna in 1984. And because of the fast growth of the office, they established another office in 2001 in Kennesaw. Dr. Tia Harding, who has a dental surgery degree and was initially living in Marquette, MI, moved to Atlanta in 2007 and currently resides in Marietta, has recently joined the practice. Dr. Richard Couk, DDS, who had a private practice in Chico, CA, for 35 years and moved to Atlanta after his children have grown, also joined the practice last summer.

West Cobb Dentistry offers cosmetic dentistry, preventive dental services, and restorative dental procedures in Kennesaw and surrounding areas. They offer several different kinds of services in cosmetic dentistry, such as bonding, teeth whitening, and porcelain veneers. They want to emphasize that professionally supervised teeth whitening will be quicker and will protect the tooth root surfaces and sensitive gums better. In addition, it is risky to apply over-the-counter teeth whitening solutions. You can visit the website here - https://www.westcobbdentistry.com/

Cosmetic dental bonding is a cost-effective alternative for treating cracked teeth, chipped teeth, crooked teeth, and discolored teeth. The bonding process can usually be completed in just one office visit and it will usually last for three to five years before requiring repair. Meanwhile, a porcelain veneer is a thin porcelain that is used to cover the tooth surface to provide a natural-looking new surface for the tooth.

Kellie Guffin, Administrator and CFO for West Cobb Dentistry, says, ?Are you looking for the leading dentist office in Kennesaw? At West Cobb Dentistry, we value our patient relationships, making it our priority to deliver gentle compassionate care that you deserve from a dentist in Kennesaw, GA. We work hard to make you feel at ease by providing exceptional patient care in a relaxed, convenient atmosphere.?

She continues, ?Not only are we a leading dentist in Kennesaw, GA, but we are also a full-service practice providing for all of your dental needs. We have a board-certified oral surgeon 2 Saturdays a month offering wisdom teeth extractions, dental implants, bone graphs, IV sedation, biopsy, sinus lifts, and ortho exposures.?

The preventive dental services that they provide can be subdivided into several categories: professional teeth cleaning; dental sealants; and oral cancer screening. Professional teeth cleaning gets rid of plaque and tartar, which cannot be removed by simply brushing at home. They recommend that people have their teeth cleaned professionally at least twice a year. Meanwhile, dental sealants made of resin can be placed on any tooth at any age as a way to prevent tooth decay. They recommend the use of sealants on a permanent tooth once it erupts. Sealants may have to be reapplied on a regular basis because they can break easily when a person grinds his or her teeth or eats hard foods. Oral cancer screening is performed by a dentist to find out if there are any signs of cancer or precancerous conditions in the mouth. This is to identify oral cancer as early as possible when there is a greater chance for a cure.

They also offer various kinds of restorative dental procedures. These include dental crowns, tooth cavity fillings, removable dentures, dental implants, tooth extractions, and TMJ/ TMD treatment.

Those who are looking for Georgia dentist services in Kennesaw and neighboring areas may want to check out the West Cobb Dentistry website, or contact them on the telephone or through email. They are open from 8:00 am to 4:00 pm on Mondays; from 8:00 am to 6:00 pm on Tuesdays and Thursdays; from 8:00 am to 2:00 pm on Wednesdays; and from 8:00 am to 3:00 pm on Fridays.
