Local Long Beach Towing Services Maintains 5 Star Overall Rating

February 23, 2021

February 23, 2021 -
Long Beach Asap Towing, a tow company in Long Beach, CA, is proud to announce that they have a 5.0 overall rating on Google, which means virtually all of their reviews have been five-star reviews. They provide 24/7 towing services for people whose motor vehicles won?t budge because of engine trouble or any other problem or they have simply locked themselves out of the car. They offer various kinds of towing services, including light duty towing, flat bed towing, long distance towing, 24/7 towing, heavy machine towing, RV towing, car lock out service, motorcycle towing, tire change, and jump start service. More about their services can be gleaned from a recent release at https://www.pressadvantage.com/story/40961-long-beach-asap-towing-offers-tow-truck-company-services-in-long-beach.

A representative for Long Beach Asap Towing says, ?We are the towing company in Long Beach you can rely on for all your roadside service needs. Our professional team is standing by waiting to be dispatched if you need a jump start service anywhere in the Long Beach area. We are 24/7 and always can assist with a car lock out or if you need a tire change.?

They want to emphasize that they are the towing company to call when stranded in Long Beach and neighboring areas. They are strategically located in Long Beach, near the Interstate 710 or the Long Beach Freeway, to easily service any part of the city. They provide prompt service at affordable rates.

Several customers were so satisfied with the service they received that they took the time to leave highly positive reviews on Google. For instance, Samantha W. gave them five stars and said, ?Tow came promptly and was respectful. He knew what he was doing and was upfront about the cost and didn?t charge a penny more. Thank you, Long Beach towing service.?

In another five-star review, Rochelle H. said, ?My car needed towing to a mechanic and I called a different service at first to get it. They never arrived so I called Asap Long Beach Towing. Asap came in 10 minutes, was so kind and helpful and brought me to a great mechanic. I am so grateful that they towed me and not the

prior service!? Press releases about Long Beach Asap Towing can be read at their media room at https://www.pressadvantage.com/organization/long-beach-asap-towing.

They also offer flatbed towing, which is a safe way of transporting a motor vehicle. Simply towing a car may result into nicks and scratches on the paint because of road debris. Flatbed towing makes sure all wheels of the vehicle being towed are on the flat platform of the tow truck and are not in touch with the road. This means that there will be no tire wear or damage to engine parts, transmission, ignition systems, etc. If a hook and chain type of tow truck is used, there is a strong risk of the bumper of the towed vehicle getting damaged when the truck runs over a pit hole or road bump.

Long Beach Asap Towing offers both light duty towing and heavy duty towing services. This means that they are knowledgeable when to use heavy duty towing instead of light duty towing. Light duty towing usually involves towing city driving cars and smaller sedans. Heavyweight vehicles will require heavy duty towing services and tow trucks that typically have a 6-ton wheel lift, a winch, and a 25-ton boom lift.

Long Beach Asap Towing provides their service as quickly as possible because they are aware of the importance of people having their vehicles working again. Motor vehicles are typically used by people in performing their livelihood and other important activities. That is why many people were so grateful when they were provided with fast service.

Those who would like to know more about the towing and various roadside services offered in Long Beach may want to visit the Long Beach Asap Towing website, or contact them through the phone or via email. Those who need to know their exact location and other relevant information about the company can visit their Google Maps page at https://g.page/r/CcukURI4Q0wbEAE.
