They are prompt, professional, pay attention to detail, quick to respond, reasonably priced, gets the job done and go above and beyond the call of duty. I had Edge Landscaping re-do my front and back yard with beautiful trees and plants, and my husband and I couldn't be happier! Dealing with David was so easy. He was very patient with us after we kept changing our minds constantly about which plants should go where etc. He also worked with me throughout the entire process of choosing plants, advising me where necessary. Installation of the plants was done in a timely manner. Overall, very happy and satisfied customer, and hope to always have a pleasant working experience with David and his crew going forward! Highly recommend this company."
