

## **Murrieta IT Support Company West Coast Computer Solutions Launch Updated Website**

*February 23, 2021*

February 23, 2021 - PRESSADVANTAGE -

West Coast Computer Solutions, a local Murrieta Managed IT Services Company, announced the launch of their updated company website. The updated site has been made more user friendly with more emphasis on the strengths of the company's available services. The company also made the decision to change their website URL to <https://westcoast.support> to help clients find them easier and faster.

Company representative, Mathew Dalton, stated, "We have just recently revamped and updated our website to showcase what we do best. We recently changed our domain name to shorter [westcoast.support](https://westcoast.support) from [westcoastsolutions.net](https://westcoastsolutions.net) to help our clients find us faster. Our Google Business website is up and active with live posts on a daily basis to tell small and medium sized business that we are the best and last IT partner they will ever need to help their business grow."

Most all companies, large and small, have continuing IT services that require proper management. Given the situation the Covid pandemic has put us in, working on the internet on computers is how most businesses are

continuing to operate. As a result, there is equipment that has to be maintained. From hosting to managing applications, there are always IT issues and computer problems that need to be fixed. Being able to rely on a company such as West Coast Computer Solutions for managed IT service can be the difference maker to avoid major interruptions and down time. The company's IT support team has 35+ years of professional experience in the industry. With that kind of experience, customers can have the peace of mind knowing they are working with experts.

West Coast Computer Solutions has done the work to gain a solid reputation in the Murrieta, CA area. The numerous five Star reviews from customers is an indication the company takes their customer service very serious.

Company representative, Mathew Dalton, put it this way: "West Coast Computer Solutions has the most five star reviews out of all the IT service providers in Murrieta and Temecula, California. Our customers are our top priority and they are happy to tell the world about it."

West Coast Computer Solutions was established in 2003. The business provides a full range of services to businesses of any size. The services include network security, network systems installation, data backup, disaster recovery, VPN set up, VoIP phone systems, and 24/7 computer support. The company has helped hundreds of businesses in Murrieta CA and Southern California.

Those interested in a consultation should call (951) 905-2160 to schedule. Contact can also be made by visiting the company's website and completing the online contact request form.
