

## **Roof.net Named Top Rated Local Business and Roofing Contractor for 2021**

*February 26, 2021*

Fairfax, Virginia - February 26, 2021 - PRESSADVANTAGE -

Roof.net, a roofing company based in Fairfax, VA, has announced with pride that they have been named the #1 Top Rated Local Business in Virginia for 2021. They were also recognized as #1 in the local roofing contractors category for 2021 in Virginia. These recent awards are on top of the 22 national awards that Roof.net has accumulated over the years as a result of their commitment to customer satisfaction and top-quality services. In 2020, the company was the 2020 National "Best of the Best" award winner for the fifth consecutive time. They were also the 2020 Talk Awards winner for excellence in customer satisfaction. More about the new awards can be gleaned from their Facebook page at <https://www.facebook.com/roofrepairva/posts/3751479791572918>.

Ken Briesemeister, the owner of Roof.net, says, "We always feel excited and proud to receive such awards. We believe that being recognized by these awards, just like the highly positive reviews that we have been receiving from customers, is important because they prove that we are on the right track when it comes to our goal of providing high-quality services and customer satisfaction. People can rest assured that we will

continue to focus on offering the best that we can and possibly even make some improvements whenever possible. We would like to express our gratitude to those who showed their appreciation by giving us those awards and those who took the time to write some reviews.?

Roof.net has indeed received a large number of highly positive reviews. For instance, on Google they have an overall rating of 5.0, which means that virtually all of their more than 400 reviews on Google are five-star reviews. For example, in one of their latest reviews on Google, Benn C. gave them five stars and said, "Professional, reasonable and very good communication. We really liked that there was a supervisor overlooking the operation every day. He took the time to explain the problem with the roof and the most efficient way to repair. Good price too. No complaints, and great cleanup. I literally found 1 stray nail on the deck after they were done.?"

Meanwhile, on Yelp, they also have a 5-star overall rating after 140 reviews. In one of their latest reviews on Yelp, Christine S. gave them five stars and said, "From the moment Ken came out for an estimate I knew this was the company I was going to choose! No BS sales pitch just honest to goodness knowledgeable quote! Roof was done, fan installed and faux chimney removed all in one day! I couldn't be happier with the customer service and end product! Thank you!?" More about the Yelp reviews for Roof.net can be gleaned from <https://www.yelp.com/biz/roof-net-fairfax-4>.

Roof.net provides various types of roofing services in Fairfax and neighboring areas. These include roof replacement, roof inspection, roof repair, and roof cleaning. It is important to realize that the roof begins to age and deteriorate as soon as it has been installed. Therefore, homeowners and other property owners may find it advisable to have the roof inspected regularly. A roof inspection will reveal if there are any hidden roof leaks as early as possible. This is vital because water that can go through the roof may damage the home structure and cause damage to other things, such as furniture and other belongings. The presence of water inside the home may also encourage the growth of black mold, which may cause health problems for some family members.

The roofing experts from Roof.net can provide same-day roof repair for those unexpected situations when the roof gets damaged by strong winds or a falling tree or branch. They can provide same-day repair because water getting inside the home must not be stopped as soon as possible. This can weaken the foundation and damage other parts of the home or building.

Those who are interested in learning more about the roofing services provided by Roof.net may want to visit their website at <https://roofnet.business.site>, or contact them on the telephone or through email. They are open from Monday to Saturday, from 8:00 am to 5:00 pm.
