Reason to Smile Dental in Salt Lake City Offers a Way to Help People Beautify Their Smile with Teeth Whitening

March 24, 2021

March 24, 2021 -

Reason to Smile Dental, a dental practice based in Salt Lake City, UT, is pleased to announce that people in Salt Lake City and neighboring areas can beautify their smile through the teeth whitening services that they provide. They offer whitening teeth services not just in Salt Lake City but also in surrounding towns and neighborhoods, such as Murray, Zions Park, Millcreek, Winder Meadows, Arcadian Park, Woodside Heights, and Smithfield, UT. They offer two kinds of teeth whitening treatments: an in-office system and a take-home system.

Meanwhile, people who have experienced the dental services offered at Reason to Smile Dental have expressed their deep satisfaction with the service through highly positive reviews. For example, Dave S. gave them a five-star review on Google and said, ?I have been seeing Dr. Vernon since shortly A Reason 2 Smile opened (8 to 10 years ago). He?s an incredible dentist and I recommend him to everybody! 5 of the 6 families who I have sent in to see him are still patients and the 6th family moved out of state. The rest all swear by him and his staff.? Those who would like to leave a review about Reason to Smile Dental may do so at https://search.google.com/local/writereview?placeid=ChIJ126gum-KUocRVyGe64oJfTw.

They strive to provide the best teeth whitening possible. They offer the Boost! In-office teeth whitening system, which makes use of a powerfully formulated bleaching gel that is applied directly on the teeth. Once the teeth beaching gel has been applied, the patient can relax for about 20 minutes, and then the dentist will determine whether will need to be repeated. This may be done a number of times until the desired teeth whitening results have been achieved. The teeth are then rinsed thoroughly after the last whitening treatment. Patients have nothing to worry about because the entire teeth whitening treatment is non-invasive, simple, and comfortable.

Meanwhile, they also offer the Opalescence take-home teeth whitening gel that can provide professional results in just 30 minutes a day. This gel makes use of fluoride and potassium nitrate for whitening teeth. Aside from teeth whitening, Opalescence also enhances tooth health and it can prevent shade relapse and dehydration. It is available in three flavors and also in four concentrations to allow flexible treatment.

Reason to Smile Dental is a provider of family and cosmetic dentistry services. Family dentistry services include dental exams, teeth cleaning and polishing, dental restorative care, dental crowns, dental bridges, tooth extractions, root canals, and emergency dental work. Teeth whitening is part of their cosmetic dentistry services, which also include dental implants, crowns, veneers, polishing, composite fillings, bridges, and Invisalign clear braces.

Invisalign is one of their popular services as it allows both teenagers and adults to get their teeth straightened in a discreet, comfortable, and effective way. It involves using a series of clear aligners to gradually straighten the teeth. Each aligner will slowly move the teeth closer and closer to the ideal position.

Meanwhile, dental implants offer a permanent solution to tooth loss due to tooth decay, injury, or gingivitis and other gum diseases. They are artificial tooth roots made from a special titanium alloy that fuses with the bone through osseointegration. In contrast to other dental restoration treatments, dental implants may be more durable, comfortable, and convenient way to replace missing teeth.

They also offer emergency dental care for shattered or chipped teeth due to an accident, toothaches, bleeding, cracked jaws, broken crowns, and other oral problems that can occur at any time and require immediate treatment. They specialize in a number of regenerative dentistry techniques and procedures, such as veneers, crowns, and implants.

Those who are interested in learning more about the dentist teeth whitening services and other smile enhancement services offered by Reason to Smile Dental in Salt Lake City and neighboring areas may want to check out their website, or contact them on the phone or through email. They are open from 8:00 am to 5:00 pm, from Monday to Friday.
