Ambience Dental: Where to Go When Looking for an Experienced Dentist in Wollongong

March 16, 2021

March 16, 2021 -

Ambience Dental, a dental office in Fairy Meadow, NSW, Australia, wants to emphasise that their clinic is the place to go when looking for an experienced dentist in the city of Wollongong. Dr. John Pearman founded the dental practice in 1979, which means that it has been more than 40 years since he moved from Sydney and took over the Figtree Dental Surgery. At that time, it was a small, newly opened two-chair surgery. And in 1985, Dr. John Saad joined the practice as an associate dentist. And it was in 2010 that Dr. Ahmed Bedeir joined the dental practice as an associate dentist. Later on, he took on the role of practice principal in 2014. It was also in 2014 when they rebranded the surgery into Ambience Dental with the principal dentists being Drs. Pearman, Saad, and Bedeir.

Dr. John Pearman started his dental career in Figtree in 1979, a year after he graduated from Sydney University. He is focused on various aspects of cosmetic dentistry, such crowns, bridges, and implants. He has been engaged in cosmetic dentistry for more than 20 years. He has recently established a dental facility in the Philippines to provide Filipinos with a badly needed service, in conjunction with an ongoing Rotary medical/ dental mission.

Dr. John Saad is another experienced dentist in Wollongong as he has 36 years of clinical experience. He is the Head of the clinical team and the Senior Practice Principal at Ambience Dental. He obtained his dental degree from Sydney University in 1985 and worked part-time as a clinical tutor while working with Dr. Pearman in private practice. In 1987, he was able to finish a post-graduate training in London and obtained a certification of intravenous sedation in dental surgery. He currently directs and oversees the sedation unit of Ambience Dental and works closely with anaesthetist Dr. Bernard Negus. He has specific interests in dental crowns, bridges, and implant surgery.

Dr. Ahmed Bedeir graduated in 2003 with a Bachelor of Dental Science degree. After working for two years in a private practice and with the oral surgery department of Alexandria University in Egypt, he became a member of the International Congress of Oral Implantology, after which he took several oral implant courses. In 2004, he became the primary dentist in a German hospital in Alexandria, where he gained a lot of experience on root canal treatment. In 2010, he moved to Australia and joined Ambience Dental. He has currently completed his Masters degree in Oral Implants from Goethe University in Frankfurt, Germany.

Other dentists in Ambience Dental include Dr. Ahmed Bassim and Dr. Amna Khattak. Dr. Bassim obtained his Bachelor of Dental Surgery degree from Alexandria University in 2003. He was able to attend several courses in cosmetic dentistry and dental implantology in various countries. He focuses on cosmetic dentistry, implant dentistry, and root canal treatment. He has a Masters degree in oral implantology from Goethe University.

Dr. Khattak obtained her Bachelor of Dental Surgery degree from the National University of Science and Technology in Pakistan in 2009. She started her fellowship training programme in maxillofacial surgery in 2011 and gained a lot of experience before moving to Australia. She focuses on restorative and paediatric dentistry and she has been doing charitable work as well. She is currently enrolled in an MRACDS programme with the Royal Australian College of Dental Surgeons and expects to finish that by early 2021.

Meanwhile, Ambience Dental offers a number of dental payment options, which are: National Payment Plan and Zip Money. The National Payment Plan is a no interest ever finance option, which allows funding up to $12,000 in treatment with fortnightly payments. Meanwhile Zip Money has a guaranteed interest-free period of at least three months. No deposit is required and funding can be up to $30,000. Patients may also apply for Ambience Dental?s in-house payment plans if they are able to access their superannuation.

Those interested in learning more about the services offered at Ambience Dental may want to check out their website or contact them on the phone or through email.
