Clean Group, a professional cleaning company that offers office cleaning & commercial cleaning services to businesses in Sydney, Brisbane and Melbourne, is branching out to other locations, including the capital city Canberra. The company has recently launched its new website with a dedicated section for Canberra and is now actively taking new orders from office cleaning service clients in the city.

?We are pleased to announce that our new cleaning company website is now live and ready to accept clients. We provide Clean Group Canberra cleaning services throughout the capital city and nearby suburbs. Property owners and offices in Canberra are invited to visit our website and request a free quote for all their commercial cleaning needs in the region,? said Suji Siv, owner and CEO of Clean Group while announcing the launch.

In the aftermath of the Covid pandemic, businesses everywhere are looking for professional office cleaners to help keep their workplaces clean and maintain hygiene. Clean Group through its huge industry experience and a dedicated team of disinfection cleaners is helping these businesses get the timely & efficient help they need. ?Besides basic office cleaning, we also offer complete office disinfection services which are effective against common pathogens including the COVID-19 virus.?

Clean Group has been offering impeccable quality office cleaning services to businesses in Australia for over 20 years now. They have a team of 50+ full-time & trained office cleaners who are known for their flexibility, reliability, and dedication. In fact, the company is so well positioned in the market that many of its clients have been with them for multiple years. Hundreds of businesses across Australia trust Clean Group cleaners for the routine cleaning of their commercial premises and even more hire the company?s services for their one-off cleaning needs such as after builders clean and event cleaning.

Unlike other cleaning agencies that often compromise quality in a bid to offer cheaper cleaning services to

their clients, Clean Group is very particular about consistently offering top quality services to all its customers. Their team consists of seasoned cleaners who are well-versed in the intricacies of effective & safe office cleaning. Also, the company only hires new cleaners who have a minimum of two years of commercial cleaning experience. ?We strive to provide the highest standards in cleaning through an expert team that has proven itself times and again.?

For over 20 years, Clean Group has been delivering customised office cleaning solutions to meet the particular needs of their clients, including offices, retail stores, schools, malls, care centres, hospitals, etc. throughout the country. They offer all types of commercial cleaning services and will clean everything from floors to walls and toilets in an office. ?We have a very strict definition of cleaning. Our practices are not just efficient but very safe for our clients. Also, our cleaning services & cleaners are fully insured, which means no loss comes to our clients? valuable things or people.?

The Clean Group team specializes in offering personalised cleaning solutions & services to help commercial premises maintain clean, hygienic and spotless workplaces without compromising their time. Their cleaners can clean an office at any time during the day, even after regular hours and on weekends. ?The best benefit of being a 24x7 cleaning agency is that you are able to provide services to fit the clients? complex schedule. Most people do not prefer to get their offices cleaned during regular hours as it may hinder the work.?

Another reason why Clean Group is an immensely popular office cleaning company in Australia is their eco-friendly cleaning practices, which include the use of green and non-toxic solutions along with state-of-the-art cleaning equipment such as i-mop scrubber that?s not only efficient but also reduces the use of water & chemicals in the cleaning process.

Besides office cleaning in Canberra, Clean Group is also known for their other range of commercial cleaning services, which include after builders cleaning, end of leasing cleaning, hospital cleaning, care centre cleaning, NDIS cleaning, gym cleaning, warehouse & factory cleaning, strata cleaning, and more. All the services are provided by the company?s in-house team. They are very particular about quality and never compromise it by hiring outside cleaners who may turn out to be inexperienced or unprofessional.
