The company offers 10-yard dumpsters, 15-yard dumpsters, and 20-yard dumpsters primarily focused on demolition waste removal, junk removal, and any other dumpster rental need in New Jersey. The dumpster

While a 10-yard dumpster is meant to haul ten cubic yards of waste or junk, has a 1-ton weight limit, and costs \$299 to rent for, a 20-yard dumpster has a 3-ton weight limit and is designed to hold and haul 20 cubic yards worth of waste which can fit into about 8 to 9 pickups costs \$499 to rent. A medium-size 15-yard dumpster costs \$399 to rent, has a 2-ton weight limit, and the capacity to haul roughly 15 cubic yards of material, which can snugly fit into six pickup trucks.

These dumpster rental costs are for a 1-7 day rental period. Still, Alco Disposal allows customers to extend the period they can use their rental dumpsters at an additional \$20 per day after the seven days have elapsed. The dumpster rental service also charges an extra \$90 per ton for any excess junk or waste loaded in a dumpster beyond its specified weight limit.

The company provides roll off dumpster rentals for commercial projects, roofing projects, construction projects, and residential projects. Information on their website shows that they accept almost every type of waste. Renters and potential customers should check the company's website before renting a waste dumpster to find detailed information on what materials it considers as available waste and what it lists as non-allowable.
