Prior Lake, MN - In spite of COVID-19 lockdowns and quarantines, business remains strong, and expanded services are expected for 2021.

SOS Cleaning and Restoration, a family-owned small business in Prior Lake, MN, had an incredibly successful year in 2020 in spite of the many challenges they and businesses faced due to the disruptiveness of COVID-19. Co-owners Stacey and Mark Buckingham say they are incredibly grateful for the continued support from the communities they serve and count themselves as more than blessed by the opportunity to grow their business going into 2021.

"We didn't know what to expect when the pandemic began, but we had faith our business would have a good chance of making it through," Stacey Buckingham says. "What we did not expect was the consistent demand for our services in spite of the lockdowns, and an outpouring of support from our clients who have come to depend on us to take care of their cleaning needs."

SOS Cleaning and Restoration provides a full line of comprehensive cleaning services, offering everything from water damage cleanup, mold removal, commercial cleaning, and a wide variety of household carpet cleaning services (including tile and grout, upholstery, pet stain removal, rug cleanings, and carpet cleaning). With a powerhouse lineup of options for their clients coupled with a reputation for delivering outstanding results, SOS has become synonymous with unprecedented levels of quality and continues to set new standards of excellence within the local cleaning service industry.

Formerly known as Floor Restore MN, SOS remains a trusted partner for residential and commercial property owners alike, and are true experts in removing damage and restoring carpets to look like new. The company

is non-franchise, and Mark and Stacey are closely involved in the business's day-to-day operations. Mark visits each job site personally, ensuring work is completed quickly and completely and is often personally involved in taking care of the cleaning himself. Another thing SOS promises is no hidden fees or pushy up selling. Quotes are open and honest, and work is completed as promised every time. Additionally, SOS is heavily relied upon for its 24/7 on-call services and is happy to respond to any emergency situation around the clock.

Even as COVID-19 continues to bring economic uncertainty, during the first part of 2021, SOS is confident they will continue to thrive so long as they stick to their mission of providing unprecedented service, transparent communication, and unbeatable results.
