March 30, 2021 -
The Bronx, NY - Bronx personal injury attorneys from Banville Law are looking forward to hosting their upcoming webinar on common types of medical malpractice and negligence in hospitals. For more information on their law office, visit: https://banvillelaw.com/personal-injury/bronx/

Those interested can find the Bronx personal injury law office at 760 Pelham Pkwy S #8 The Bronx, NY 10462 USA, and can be reached at (718) 568-5033.

"When medical professionals fail to uphold their promise to provide their patients with a standard level of care, they often become severely injured due to medical negligence. Malpractice can have devastating and life-threatening consequences, so being away of what to look for can possibly save your life or the life of a loved one," explains Laurence Banville Esq., the managing attorney at Banville Law.

The webinar will be held virtually through google hangout on April 11, 2021, at 6 PM. The Long Island personal injury lawyers are dedicated to fighting for injured victims' rights throughout the Bronx and the surrounding regions.

"We hope by holding this webinar, we can educate others on what questions to ask, things to look for, and expectations to have when working with anyone in the medical field. But in the case of a medical error or accident, our legal team can stand right beside you and advocate on behalf of you," Mr. Banville concludes.

From their Bronx personal injury law office, they also expand their legal guidance out to the nearby communities, including but not limited to Pelham Parkway, Allerton, Indian Village, Morris Park, Little Yemen, Van Nest, Parkchester, Throgs Neck, Soundview, Hunts Point, Mott Haven, Fordham Heights, Kingsbridge, Williamsbridge, Easterchester, Castle Hill and Melrose.
