

Fort Collins Massage Therapy Center Relocates

March 31, 2021

March 31, 2021 -
Living Arts Wellness, a Fort Collins massage therapy center has moved to a new location after 15-years at their previous location.

Living Arts Wellness? new location is at 420 S. Howes St Suite A202, Fort Collins, CO 80521.

Owner and founder, Celeste Magnuson, commented she's optimistic about this move. Magnuson commented that, like many businesses, 2020 had many unprecedented challenges.

While this move was only a few blocks from their previous location, the logistics of the move required more than simply moving massage tables. Living Arts Wellness is a complete wellness organization that provides not only massage therapy, but also detoxification, colonics, and dietary coaching.

Magnuson noted that, while the new location is smaller, it puts Living Arts in a position for expansion. One of the first, and most expensive moves to the new location, involved moving Living Arts? colon hydrotherapy machine. This class III medical device required additional construction in order to function properly at the new

location.

?Yes, it was a lot of work, but we?re confident this is a good move in the long-term,? noted Magnuson.

Magnuson has plans to expand services as people become more comfortable with in-person massage therapy and wellness services. She notes there seems to be an increasing level of comfort for in-person sessions as more people in Larimer Country are vaccinated.

Magnuson also notes that they are still observing guidelines from the WHO, CDC, and local officials. Current practices are posted on Living Arts Wellness? website and include temperature checks, sanitizing surfaces between clients, and both patients and therapists are required to wear masks.
