Cool Earth Aircon Services is offering Aircon repair services in Singapore. The company has over 18 years of experience in the Aircon servicing industry.

Cool Earth provides services such as Aircon cleaning, Aircon repair, Aircon gas top up, Aircon chemical wash, Aircon chemical overhaul, and Aircon installation. The company supports many Aircon brands such as Carrier, Sharp, Mitsubishi Electric, Toshiba, LG, Daikin, Samsung, Fujitsu, Panasonic, and others.

The company's strength is its staff of experienced technicians. It has 12 technicians with at least 3 years of experience. The company provides same or next day emergency Aircon services. The company's knowledgeable staff is always available for answering customers' calls from 8 AM to 10 PM daily. The company specializes in solving the Aircon water leakage problem. It also uses a 100% safe chemical overhaul solution to remove bacteria inside the Aircon. It offers a free follow up Aircon service within 7 days if the customer runs into any difficulties following an appointment. The company is so confident in its work quality that it guarantees a 90 day workmanship warranty.

The company follows a simple three-step process for servicing Aircon systems. First, the customer contacts the company and describes the problem they are facing. The company then provides a free quotation to ensure complete transparency. Second, once the customer agrees to the quotation, they schedule an appointment at a time that works for them. This can even include emergency services booked at a brief notice. Third, the company offers a 90-day warranty after finishing the job. This protects the customer from any problems that may arise if the company fails to deliver the service as promised. Customers can contact the company using information on its Google My Business page at <https://g.page/CoolEarthAircon>.

The company offers its services at competitive rates. For standard AC servicing, Cool Earth charges \$50 for 1 fan coil, \$55 for 2 fan coils, \$70 for 3 fan coils, \$100 for 4 fan coils, \$100 for 5 fan coils, and \$115 for 6 fan

coils. It also offers yearly contracts at a rate of \$200 for 2 fan coils, \$240 for 3 fan coils, \$300 for 4 fan coils, \$360 for 5 fan coils, and \$400 for 6 fan coils. For a chemical wash, the company charges \$80 per condenser unit. For a chemical overhaul, it charges \$80-\$100 for a chemical wash of 1 fan coil without dismantling. It charges \$130-\$180 for a chemical wash of 1 fan coil, including a full dismantle. The company will waive a checking fee of \$50, if the customer proceeds with its service proposal.

The company's spokesperson, Chris, says, "We aim to be the most professional and most accessible Aircon repair and installation service in Singapore. We take great pride in the quality of our work and our customers agree with us. We have built strong relationships with our clients over almost 2 decades of hard work and perseverance. We are a one stop shop for Aircon servicing. When you hire us for a job, you get an end-to-end seamless experience. We guarantee you will leave our service satisfied without having to worry about your Aircon system. We even offer a 90 day workmanship warranty because of the confidence we have in our staff and our tried-and-true engineering processes. Contact us today to find out why we are the best Aircon repair and installation service in Singapore."

A review of the company's service by Febe Low says, "We are so glad with the Cool Earth SG team's work. They were so friendly and explained everything well to us, so now we know better how to take care." Another testimonial by Ron Wong says, "Quite a nice experience with the staffs as they spent time to explain how the air conditioning system works and tips to help prolong the life of the units. Would definitely recommend my friends to check them out before deciding as they were patient and not pushy for me to decide."
