TAMPA, FL - April 09, 2021 - PRESSADVANTAGE -
Kissimmee, FL - Joe, a resident of Kissimmee, Florida, recently attended an addiction treatment program at WhiteSands Alcohol and Drug Rehab near Tampa. The positive experience he had there inspired him to leave the treatment center a five-star review on Google.

?[I] went to WhiteSands for treatment and so glad I did. The facility and staff are amazing and extremely helpful,? Joe said. ?The facility was up to date, unlike others, and very clean which was a plus. And the staff was great. The welcome I received when I came in was amazing?.

WhiteSands has a unique philosophy among addiction treatment centers, that a comfortable guest makes for a successful patient. At WhiteSands in Tampa, people participate in a range of comprehensive group and individual therapies during the day, but after 4 pm, when they complete treatment, patients become guests of the facility which resembles a luxury resort more than an addiction treatment center.

WhiteSands? Plant City campus, just outside Tampa, is situated on a 10-acre property complete with walking paths, fountains, gazebos, and other outdoor lounging areas. Guests of WhiteSands each reside in a private

room with a queen-sized bed and private bathroom. The treatment center has recently completed a brand new recreation center and athletics complex where guests can work out with personal trainers, take yoga classes, and even be trained by professional boxing trainers in the WhiteSands boxing program.

Joe is one of tens of thousands of patients WhiteSands has helped reach long-lasting sobriety since opening its doors in 2013. During its time in operation, WhiteSands has seen again and again how patients are more open and receptive to treatment when they feel comfortable, safe, and well cared for. WhiteSands guests are able to relax and feel comfortable because they have a private room to retreat to at the end of the day and they have a beautiful campus in which to focus on themselves and their recovery. Guests are also able to use their cell phones and laptops during their stay so that they can remain in communication with loved ones or get some work done if needed.

The combination of effective addiction treatment and comfortable accommodations has put WhiteSand at the forefront of innovation among rehab centers. WhiteSands was recently ranked the number one addiction treatment center in the state of Florida by Newsweek magazine.

?I would highly recommend WhiteSands to anyone that wants a fresh start and to get back on track,? said Joe.
