Cool Roofs Inc.of New Braunfels Texas Gets GAF Master Certified

April 12, 2021

New Braunfels, Texas - April 12, 2021 -
New Braunfels roofing company New Braunfels Roofing - Cool Roofs Inc. has been approved as a GAF Master Certified install contractor, making it one of only 28 contractors in the state of Texas to carry this qualification.

Each year, GAF trains and certifies roofers on high-quality installation methods and using the latest technologies. But only a limited amount of contractors in the United States are GAF Master Certified. The Texas-based roofing company Cool Roofs Inc. now joins this very exclusive group.

The GAF criteria require all roofing companies to provide proof of state licensing and insurance. They must also prove that they are in good standing with the Better Business Bureau. This means only the most qualified and reputable roofers are acknowledged by GAF.

In addition to these requirements, GAF also requires contractors to go through strict evaluations. They also need to undergo continuous training in order to keep the certification active. Trustworthy roofing companies get GAF certified to show that they mean business.

It also shows that Cool Roofs Inc. is always up to date on the latest trends, applications, and technologies that are being used in the industry.

Choosing a GAF Master Certified contractor ensures high-quality service and peace of mind.

This means clients can place their trust in Cool Roofs Inc. no matter what kind of services they require. Cool Roofs Inc. offers residential, commercial, and even military roofing installation. It provides all types of roofing services from installation, roof repairs, and roof restorations.

Cool Roofs Inc. has provided clients in New Braunfels and surrounding areas with a wide variety of roofing services for years. This newly GAF-certified roofing company serves the following cities: New Braunfels, San Antonio, Seguin, Austin, Selma, Canyon Lake, Kyle, Buda, Northcliffe, San Marcos, Cibolo, Guadalupe County, and Central Texas.

Their mission is to provide energy-efficient roof systems at as low a cost as possible to building owners. Cool Roofs Inc. honors its warranties. Their services and repairs are available to all clients.

One quality that sets Cool Roofs Inc. apart from all other roofing companies is that it proudly supports veterans and the military.

Cool Roofs Inc. has worked on military bases across the country, re-roofing onsite residential barracks. The company has worked at Fort Carson Colorado, Tyndall Air Force base in Panama City, Florida, and Naval Air Station in Pensacola, Florida.

This is on top of the Commercial and Residential roofing services that Cool Roofs Inc. also provides.

Even before the GAF certification, Cool Roofs Inc. has already earned a reputation for its excellent roofing work. The company uses premium materials and products, offering world-class roofing services. The Cool Roofs Inc. team has 4 million sq. ft. of roofing done on commercial properties across 300+ successful projects.

Its residential services include restoration, repairs, installation, replacements, etc. Cool Roofs Inc. can install gutters, shingles, siding, metal roofing?they even offer commercial painting services.

Cool Roofs Inc. provides a hassle-free and high-quality service that ensures families have a proper roof over their heads so they can have a secure, safe, and long-lasting property.
