

Pennsylvania Man Credits Legacy Healing Center in Cherry Hill New Jersey for His Continued Sobriety

April 16, 2021

April 16, 2021 - PRESSADVANTAGE -

Cherry Hill, NJ ? Legacy Healing Center, with locations in South Florida and now Cherry Hill, New Jersey, consistently receives top ratings and recommendations from former patients. Recently, a patient from Philadelphia left a 5-star Google review for the Cherry Hill, New Jersey facility about his experience there.

?The staff was professional, and the facility was well kept and immaculate,? Adam said. Legacy Healing Center has created a first-class facility with a comfortable and nurturing atmosphere so patients can focus solely on their recovery.

He goes on to credit Legacy Healing Center for his long-lasting sobriety, ?Most importantly, I?m still sober, and have the team at Legacy to thank for this?. Adam traveled to Cherry Hill from nearby Philadelphia to attend the Partial Hospitalization Program (PHP). This new location has allowed patients like Adam who live in the Northeast to access more treatment options in order to get the high-quality care they need to get and stay sober.

With PHP, patients can attend a recovery center 3 to 5 days a week for about 4 to 6 hours each day and still reside at home. Outpatient programs like PHP are best for people who don't require 24-hour care but still need a high level of support. This is a great option for those who have children to take care of at home or need to continue to work. PHP is also a lower-cost option than inpatient treatment.

The Northeast has become a major hotbed for the opioid epidemic and sees more drug overdoses than any other region in the U.S according to recent CDC data. With nearly 50,000 deaths in the U.S. due to opioid-involved overdoses each year, having access to high-quality effective addiction treatment has never been more important.

Legacy Healing Center has long been helping individuals from all over the U.S. successfully achieve long-term healing from addiction at their treatment centers in South Florida. They're now bringing that same level of care to the Northeast with a holistic and individualized approach. They treat addiction as a chronic, relapsing disease that needs evidence-based behavioral therapies, treatment for co-occurring mental disorders that may be present, and providing a personal sober coach that will be present throughout the patient's life to help support them.

Adam also said, "I would recommend Legacy Healing Center Cherry Hill to anyone who is serious about their recovery and wants an environment that fosters positivity and the ability to relax and focus on yourself".

Legacy Healing Center's mission is to lay the foundation for anyone who enters the community to learn to recover, address underlying issues, and get on track to a better life they ever dreamed possible. The Cherry Hill, New Jersey addiction treatment center provides patients a safe space to heal, relax, and feel positive about themselves again. If you or someone you love has been suffering from the effects of addictions, please call Legacy Healing Center today at (888) 534-2295. Your call is always 100% confidential and their addiction specialists are always happy to help in any way.
