Walnut Creek, California - April 20, 2021 -
Repair Ventures, LLC dba olive®, based in Walnut Creek, California, is pleased to announce that it has acquired the domain name olive.com in a recent transaction.

"We are thrilled to announce the acquisition of olive.com. This is a direct response to the olive brand growth. Our demographics have shown that 50+% of consumers that purchased an olive plan have never purchased mechanical breakdown coverage before, therefore we want to make olive easy to access and simple to find. Based on a recent olive customer survey, we are proud to state that 97% of customers would recommend olive to a friend or family member, and that is very important to us," says Paul Sherman, CMO of olive®.
