

VitaVersa Bamboo Cutting Board And Serving Tray Set Receives Praise From Customers

September 24, 2015

September 24, 2015 - PRESSADVANTAGE -

VitaVersa, a business in Portland, OR, is very proud to have received tremendous praise and recommendations from their various customers. To celebrate how well their new product has been received, they are offering it at a special discount. People can purchase it through <http://www.amazon.com/dp/B00VL61ME0> and, by entering promo code TWJLBDWU, it will cost just \$15.99.

"Whenever a new product is launched, it is a waiting game to see whether people will like it or not," says Freida Peters from VitaVersa. "We didn't have to wait long before we heard just how much people love our board. As a way to say thank you, we have released it at a specially discounted price for a limited time only."

One customer mentions how she loves everything about both the cutting board and the tray. She finds the materials beautiful and loves how efficient they are. Additionally, the fact that the boards are eco-friendly is very important to her. This is something many customers have commented on, as is the fact that the strength of the board means that no grooves are made after cutting, thereby minimizing the chances of cross-contamination.

"The VitaVersa bamboo cutting boards are beautifully finished and include an anti-microbial treatment that prevents food borne bacteria from surviving on the board," says one customer. "While I've only used the boards for a few weeks, I use them every day and so far you can't even tell they've been used."

Because the board and tray come as a set, they also allow for simultaneous cooking. Cooking is sometimes a family affair, and it is enjoyable to spend time together in the kitchen. Additionally, the boards are of such high quality that they can be used by anyone from home chefs to professional Michelin star restaurant chefs.

VitaVersa encourages all customers to follow them on Facebook through <https://www.facebook.com/brandvitaversa>. Any special offers and discounts will be listed there. Additionally, it is an opportunity for people to share their views and reviews on the cutting board and tray set, enabling others to see how they can be used. The Facebook page is creating a community feel.
