

Trio Sales and Leasing Launches New Website

April 29, 2021

City of Saint Louis, Missouri - April 29, 2021 - PRESSADVANTAGE -

Trio Sales and Leasing, an American-owned and operated company based in St. Louis, recently launched its new website. Kurt Bokamper, owner and founder, is excited about his new online presence.

Trio Sales and Leasing has been providing new and gently-used commercial dishwashers for decades to restaurants and other food-serving businesses. The dishwashers are available through purchase or lease.

All dishwashers meet the rigid specifications required for use by commercial restaurants. With two models available, restaurant owners and managers can choose the one that best meets their needs. Accessories are available to increase the efficiency and effectiveness of the machines.

Trio also provides detergents, rinse agents, and other products for the dishwashers they carry. They offer repair services on all dishwashers they sell or lease.

Trio recently began providing commercial laundry services to nursing homes and daycare facilities in the area. Trio provides pickup and delivery of linens, bedding, staff uniforms, and scrubs. They offer quick

turnaround seven days a week.

Any commercial foodservice entity in the St. Louis area can contact Trio Sales and Leasing to inquire about a robust commercial dishwasher to meet their needs. Or nursing home and daycare managers can rely on their laundry service to keep their facilities supplied with clean, sanitized linens and uniforms.
