

Short-Term Plant Rentals Available from Leading Landscaping Architect in Mobile, AL

April 29, 2021

April 29, 2021 - PRESSADVANTAGE -

Mobile, Ala. ? According to a study conducted by The Knot, 73% of all weddings take place between May and October. Additionally, over 4 million students celebrate a graduation ceremony in the spring months of May and June. With so many events occurring during this time of the year, it's not uncommon for hosts and decorators to face increased premiums when trying to add greenery to their space. As the leading landscaping architect in Mobile, Heroman Services Plant Company understands this phenomenon and as a result, the team of horticulturists is featuring their plant rental services ahead of the busy celebration season.

Short-term plant rental is often an ideal solution for those looking to include live plants in their ceremony. Renting plants for events allows the host the opportunity to consult with a professional to select the right plants and flowers to compliment the event theme and accommodate the space.

Additionally, horticulture specialists know the best ways to store, transport, and set up plant displays so that the plants are received at their most attractive stage and set up securely to ensure maximized beauty. Once

the event has come to an end, the indoor plant rental company comes and removes the rental plant with no fuss or clean-up necessary.

A successful function depends on everything coming together at the right time ? we provide prompt delivery & pick-up, quick set-up, and fresh beautiful plants, every time, for as long as you need them, states a representative of the company.

Heroman Services Plant Company offers a wide variety of sizes and types of short-term rental plants and containers, guaranteed to make any event even more distinctive and memorable. As a sixth-generation, family-owned business, Heroman Services Plant Company provides unique and stunning plantscaping for a wide array of clientele.
