

JVI Mobile Marketing Announced as a Top Greensboro Digital Marketing Agency by UpCity

May 03, 2021

Greensboro, North Carolina - May 03, 2021 - PRESSADVANTAGE -

JVI Mobile Marketing is thrilled to officially announce that they have been recognized as one of the top digital marketing agencies in Greensboro and nationally by UpCity.

At JVI Mobile Marketing they treat small clients like big business, helping each one achieve their goals effectively. They have an individualized system that just plain works, and they provide transparency every step of the way. These are only some of the many reasons the company has been recognized by UpCity as not only one of the best digital marketing agencies in the Greensboro area but also nationally in the United States.

JVI Mobile Marketing founder and CEO Jay Vics was thrilled. "Every day we work hard to help our clients, both in Greensboro and nationally, turn strangers into raving fans. Our goal is to clear up the confusion and make digital marketing strategy easy to understand."

UpCity is a resource that helps connect businesses to service providers they can trust. With more than 70,000 listed providers—from marketing agencies to accounting firms to HR consultants to IT specialists, and many more—1.5 million businesses (and counting) have visited UpCity to research and identify the best partner for their needs.

UpCity's proprietary algorithm utilizes a variety of digital signals to measure the credibility, trustworthiness, and recommendability of B2B service providers across the U.S. and Canada. These digital data points like reviews (both on UpCity and other third-party review sites), presence in relevant search results, domain authority, website speed and experience help UpCity connect businesses with outstanding service providers like JVI Mobile Marketing.

Dan Olson, CEO of UpCity, had this to say about the JVI Mobile Marketing team: "The team at JVI Mobile Marketing is top-notch when it comes to small business digital marketing. They create an individualized plan of action based on the needs of each unique business, and it's quite clear that this attention to detail leads to tremendous success."

This recognition has been driven in large part by the company's 5-star review rating on UpCity and a 5-star rating on Google. Here are a few of the favorite pieces of feedback they've received from their amazing customers:

"I have worked with Jay for several years now. He took the time to understand my business and structure a marketing plan specific to my companies needs. It was not a cookie-cutter approach but a comprehensive look at how he could assist me in growing my business," says Robert Mason.

"JVI Mobile Marketing is truly a hidden gem in the digital marketing space! You can really tell that they always strive to get the best results they possibly can for their clients, and are constantly looking for ways to improve themselves and your business, too!" says Heather Noblett.

JVI Mobile Marketing is thrilled to receive this recognition and would like to thank the team at UpCity for the honor. They would also like to thank the clients who have enabled them to help their businesses grow over the years.
