Customer F. Mion shares that their recent experience with Northland Kia was also their, ?Second time with this dealership, and I highly recommend it! Those guys are extremely professional, helpful and understanding of your situation. Got an accident with my first car that I bought from them, and after dealing with my insurance, I went back there to figure out the paperwork with the finance department of that branch and had a new car ready for me within two hours. Such a great experience! Thank you!? This Google review, like many others on the platform, awards the dealership a full 5-Star rating.

Other reviews illustrate the fact that Northland Kia takes the experience of new customers seriously as well.

Recognising that many drivers may visit the showroom with little idea of what they want, the dealership goes out of their way to learn what an individual is looking for in order to understand both what they want and need. Customers tend to arrive with a budget in mind, but the perfect car has to suit their lifestyle by accommodating a number of other factors as well. Since the team at Northland Kia has worked in the field for many years, they are able to put their insight to excellent use when helping new drivers discover which car is best for their lifestyle. As it stands, customers are encouraged to tell the team more about their expected commutes, driving habits, destination preferences and more when visiting the dealership. This will help the team point them towards the right car.
