

Lincoln CA Painters Offers New Exterior Painting Service

May 13, 2021

Lincoln, California - May 13, 2021 - PRESSADVANTAGE -

Lincoln, CA based Pro Quality Painting is reaching out to the wider community to announce that they are offering a new exterior painting service for residents and businesses in Lincoln and the surrounding areas. The company was established in 2020 with the very simple premise of providing world-class painting service with a hometown feel and prices that are reasonable for their local clients.

According to Pro Quality Painting, exterior painting is a simple way to enhance the beauty and value of any home. Whether it is just the trim on a residential building or the entire exterior surface of a commercial building, Pro Quality Painting is capable of tackling the job with ease. With a team dedicated to providing exceptional service, the company wants to make sure that the residents and businesses of Placer & Sac County have a reliable company to reach out to for their exterior painting needs.

Pro Quality Painting also assures full transparency during their painting process. The company is upfront about their process, which starts with a free estimate. After that, property owners who want to hire the company simply have to pay a 10% deposit (which will go towards materials for the project). Then, within one business day of reserving a spot, the company's production manager will reach out to talk about the colors and potential start date, along with addressing any other concerns or details that need to be determined prior to starting work.

Pro Quality Painting will also do test patches to ensure the owners like the color selection about 2-4 weeks before the project start date. At this point they will also provide any documentation needed for approval from a HOA. Before starting the job, the company will powerwash the house and, during the job, the company assures that they will let the owners know what time they can expect the team to start work each day. The owners will also be kept up to date with the progress and any problems that may arise and at the end of the job ? complete satisfaction is guaranteed, and any and all last touch ups will be both proposed and made before the final payment.

JJ Milliman, founder of Pro Quality Painting, says, "For years now, I've seen that the world of professional painting contractors has had several major issues: it's riddled with shoddy craftsmanship, a lack of accountability and a severe distrust between customers and painters. Pro Quality Painting is the result of my decision to do something about it. I founded the company in 2020 with the intention of providing a top-notch service at a very competitive price. I'm very happy to say that since our founding, we've not only completed countless impeccable interior and exterior painting jobs, we've also made quite a few friends along the way due to our primary focus of treating our customers with respect and integrity as well as fostering clear communication. We aim to make sure you are 100% satisfied with every aspect of our work." More information about the company can be found here: [Pro Quality Painting BBB](#).

Those who have made use of Pro Quality Painting's services have nothing but praise for the company, as evidenced by Pro Quality Painting's 5-Star rating on the Google platform. Bill Knoblauch says in his review, "Great paint job on the exterior of my house. Workers always showed up on time, all were very polite and respectful. JJ checked on the workers every day to make sure all was going well. Work was completed a day before I thought it would be done. The house looks great now. My property was cleaned up nicely at the end of each day. I'll be using them soon for some indoor painting."

In another review, Linda Harrison writes, "They did a great job. Met with JJ to set things up. He was very amicable and polite and knowledgeable about his business and listened to what we wanted. Met all my expectations and some. Definitely would hire again. Very reasonable too. Referring to family and friends."

Learn more about Pro Quality Painting, their history in the field and their wide-ranging services at their official website.
