

Vox Security Limited Announce Expansion Of Its Alarm System Services

May 10, 2021

May 10, 2021 - PRESSADVANTAGE -

Vox Security Limited a domestic and commercial security company has announced the expansion of their alarm system security services for Gateshead, and nearby areas. The company is a security system supplier and provides CCTV installation, access control, alarm systems, fire alarms, fever detection, people counting and electricians.

A spokesperson for Vox Security says, "We are pleased to announce to business owners and property owners in Gateshead and neighbouring areas that we are expanding our commercial alarm system installation services. We provide free survey and security reviews for properties and we promote a comprehensive approach to security. Our commercial alarm and security systems feature interactive security and video monitoring capabilities."

Interactive systems are made up of cutting edge tamper-resistant security technology, meaning it will protect and monitor the premises 24/7, fully integrated systems can include wireless motion detectors, image sensors, or cameras that help the business owner see what is happening inside the property even when closed.

According to the spokesperson, recent statistics released from the police has shown at least 60% of attempted burglaries have failed because of a well installed alarm system. Therefore alarm systems have been proven to be an effective deterrent of burglaries, usually an attempted burglary will only be attempted if property has no visible alarm protection.

Today's security system technology allows for a wired alarm systems or wireless alarm systems. Wireless systems offer the advantage of being easier to hide so that would be intruders or burglars would not easily notice that they are present. A wired alarm system will be much easier to see and usually this is a good deterrent for would be criminals.

Vox Security has a team of experienced security experts who are available to help and guide business owners on installing the best and most suitable commercial security alarm system to protect their property, staff and stock and offers peace of mind. Those who require more information or would like to schedule a consultation can check the company website Vox Security Ltd.
