Stars & Stripes Dumpster Rentals Launches New Website

May 14, 2021

May 14, 2021 - PRESSADVANTAGE -

Stars & Stripes Dumpster Rentals, a company based in Capitol Heights, MD, is happy to announce the launch of their new website. They offer dumpster service in Bowie, Hyattsville, Capitol Heights, Upper Marlboro, Clinton, College Park, Silver Springs, Chillum, Oxon Hill, Washington DC and all surrounding areas. They offer for rent various sizes of roll off dumpsters, specifically 10 yard dumpsters, 15 yard dumpsters, and 20 yard dumpsters.

Brian Hill, a spokesperson for Stars and Stripes Dumpster Rentals, says, "We have recently launched our new website. This means that our site visitors will find it easier to find what they are looking for. We offer fast, professional, and affordable dumpster rental service. Our phone number rings us directly, with no go-between, broker, or call center. With quick and reliable service, we work hard to deliver dumpsters exactly when and where you tell us. Below you will find dumpster rentals ranging from 10 to 20 yards. Use our sizing guide to find the right dumpster for your project and book it via our online reservation system."

The 10 yard dumpster measures 6 feet in width by 5 feet in height by 12 feet in length and it can hold up to four times that of a pickup truck load. The 15 yard dumpster measures 6 feet in width by 3 feet in height by 14 feet in length and it can hold up to six times that of a pickup truck load. The 20 yard dumpster measures 7.5 feet in width by 6 feet in height by 12.5 feet in length and it can hold up to eight times that of a pickup truck load.

The dumpsters can be used to throw away practically all kinds of junk, except for a few exceptions. Items that should not be placed in the dumpsters include dirt, sand, concrete, paint, solvent, gravel, shingles (in non-roofing dumpsters), tires, televisions, items with Freon, chemicals, or batteries.

Meanwhile, it is important to note that Stars and Stripes Dumpster Rentals is a locally owned and operated business. Customers who call them will be talking directly to a member of their team. They provide both short and long-term dumpster rental services. Their service has been found to be an economical and convenient way to get rid of waste, construction debris, and other waste materials.

They offer three types of dumpster rental based on the need. These are roofing dumpster rental, building and construction dumpster rental, and residential dumpster rental. Roofing dumpster rental is specifically for shingles, including various types of roofing materials, including slate and metal. The building and construction dumpster rental is to be used for cleaning up after the completion of a construction job, such as a home redesign that requires throwing away old counter tops, cabinets, flooring, and more. Residential dumpster rental is for home spring cleanings and the like where there are a lot of junk, including yard waste, to get rid of.

Leasing a dumpster from Stars and Stripes Dumpster Rentals is a simple procedure. The first step is to choose a size that would be suitable for the task. For those who are not sure what size to get, the team at Stars and Stripes Dumpster Rentals can offer some advice. The second step is to prepare for the dumpster delivery. It is important to ensure that the drop-off location does not have any hindrances, such as any lorry or products that will obstruct the delivery of the dumpster. The third step is to begin using the dumpster, filling it with junk that the customer wants to get rid of. The fourth step is to notify Stars and Stripes Dumpster Rentals that the dumpster has been filled and ready for pick up. This can be done through a text message or phone call.

Those who are interested in learning more about the dumpster rental services provided by Stars and Stripes Dumpster Rentals can check out their website at <https://www.ssdumpsters.com/>, or contact them on the phone or through email. They are open every day of the week, from 8:00 am to 8:00 pm.
