

AC Repair Dubai Ads 24/7 Emergency Air Conditioning Repair

September 23, 2015

September 23, 2015 - PRESSADVANTAGE -

Dubai, United Emirates ? AC Repair Dubai, a leading air conditioning maintenance and repair service in Dubai, announced today that it is now offering emergency air conditioning repair on a 24-hour-per-day, 7-day-per-week basis. The company introduced the 24/7 air conditioning emergency service after receiving numerous requests for repairs during non-business hours.

?There's never a good time for an air conditioner to shut off,? said John Kindle. ?Even at night, here in Dubai, it can be quite hot. So now, we are available to fix your air conditioner at any time of day or night.? John Kindle noted that at this time of year, temperatures range from 30°C to over 40°C. A broken air conditioner can even be a health hazard, for example for people who are elderly or sick.

AC Repair Dubai is known for their customer service and competitive prices. They service all major brands of air conditioning, including Electrolux, Samsung, LG, Panasonic, OGeneral, Whirlpool, Carrier, Blue Star, Lexmark, Blue Star, Hitachi and Dalkin. They can service all types of units, from simple window air conditioning units to large-scale industrial and residential central air systems. They provide upfront pricing so customers know what to expect from a service project.

?Our approach is to repair the equipment in a way that will render it less likely to malfunction again soon,? John Kindle added. ?We insist on using the best quality parts. AC malfunctions are identified and rectified quickly.?

The company employs a team of uniformed, trained professional technicians, each with multiple years of experience. All technicians are screened with background checks prior to employment. AC Repair Dubai extends all clients a 100 percent satisfaction guarantee. The company?s website enables customers to book service online directly.
