

Greeley Dry Cleaning Company Acquires 3 NuWay Cleaner Locations

June 01, 2021

Boulder, Colorado - June 01, 2021 - PRESSADVANTAGE -

Art Cleaners, a dry cleaning provider based in Boulder, Colorado, is pleased to announce that they have acquired three NuWay Cleaners in Northern Colorado. Art Cleaners has been providing full-service dry cleaning to the residents of Colorado since 1921, offering the finest in dry cleaning, laundry, and alterations.

While Art Cleaners will be managing their newly acquired NuWay locations, they have decided that they will keep the NuWay cleaners during this transition period. NuWay Cleaners was founded in 1972 by Jim and Marta Nixon, who were school teachers in Texas prior to entering the garment care business. Over the years, the company grew to more than 10 locations with over 50 employees.

Gus Mircos, a representative for Art Cleaners, says, "We have been in the dry cleaning and laundry industry for over 10 years now, and we've worked hard to get Art Cleaners to the place where it is today. With our purchase of NuWay Cleaners, we look forward to combining our knowledge with the great service NuWay has provided in the past, allowing NuWay customers to get the best of both worlds without any additional trouble."

Art Cleaners is also proud to state that they are dedicated to making a difference. They utilize their unique eco-friendly dry cleaning process, Green Earth Cleaning, across all their locations including NuWay which is safer for people and the environment because it uses no hazardous chemicals and is non-toxic (as it does not use any of the traditional petroleum-based dry cleaning methods). The Greeley dry cleaning company also assures that their odor-free GreenEarth® dry cleaning process treats clothes like a mineral bath, ensuring that they don't just come back clean, they come back rejuvenated. Fabrics feel soft and supple again, silky and smooth to the touch. They look better too. GreenEarth will not damage fibers or leech dye like conventional cleaning so clothes look newer for longer.

Mircos says, "We understand you want to wear what you want, when you want it. That's why we guarantee

that your dry cleaning will be ready on time and ready to wear, every time. We strive to give our customers the same personal attention we give your clothes, so when you stop by one of our locations, you can count on a smile and a pleasant service experience each and every time!?

The services provided by Art Cleaners has made them popular with Colorado residents. In a 5-Star Google review, M. McNeal says, "I have been a customer for almost 15 years. They don't make mistakes, and they pick up and drop off at my house twice a week without fail. Even during the shutdowns, they've always been there. I 100% trust Art Cleaners."

In another review, Jack J. says, "I have been coming here for years and am always pleased. They've done wonders on stain removal, dry cleaning, and even alterations. They charge a little bit more than other cleaners, but they are environmentally friendly and do a good job. Make sure you call ahead to see when their seamstress is in for alterations as she doesn't work the full store hours."

Additionally, Art Cleaners is pleased to announce that they have recently partnered with local businesses to provide two additional dry cleaning drop-off locations in the Northern Colorado area. Mircos says, "At Art Cleaners, we have always worked hard to ensure that our customers have nothing but the best service, and we are continuously working to improve in that regard. Whether it's by improving the core services we provide or by offering them more options in terms of dropping off or picking up items, we are committed to high-quality service across all our locations, including our new NuWay locations."

Those who want to learn more about the NuWay new owners and the various services they provide can find more information on the company's website. Additionally, the company encourages interested parties to get in touch with Gus Mircos directly via email or phone. They can also be reached through the contact form on their website. Art Cleaners similarly maintains a presence on Facebook where they frequently post updates, share information, and communicate with their customers.
