

Interieurs Nader Receives 5 Star Review From Air Canada

May 25, 2021

May 25, 2021 - PRESSADVANTAGE -

Interieurs Nader, a company providing turn-key construction services in Quebec, Canada, has received a glowing 5-star positive rating from one of its customers. According to the company, the review is a testament to the high-quality service that they have been providing to their clients for years.

The review by Tarek D says, "Thank you for your great service and your professionalism have nothing but positive words for you Eddy, and your talented team. All 3 projects that you worked on for Air Canada at the Montreal Trudeau airport were simply perfect per scope, on time, and as budgeted. I commend your work ethic and dedication to ensure a successful project every time. Kudos to you and your team."

A spokesperson for the company responded to the review by saying, "We are excited and humbled by the kind words of the review. It has motivated us to keep on providing the same high-quality service and work quality that we have been delivering to our clients since inception. We put in our best efforts every day to ensure that all our projects are made according to our client's requirements along with the highest standards of aesthetics and safety. It feels great to be acknowledged for the hard work that we have put into this business. We would like to thank Tarek again for the review and promise to keep up the good work that we have been doing."

Interieurs Nader provides a wide range of construction and general design services. They can handle tasks such as a clinic remodel, restaurant redesign, store layout change, office space renovation, industrial construction, and many others. They serve clients from all industries and have the expertise to solve any construction-related problem. The company can help improve a building's lighting, storage space, office space, parking space, and more. For industrial clients, the company can design layouts that make use of the existing infrastructure and optimize it for the business's needs. For retail and hospitality clients, the company can help design spaces to show off their products and enable easy movement for an elevated shopping experience. The company claims to treat every client's situation uniquely and gives it the time and attention

that it needs.

Speaking on their strengths, a spokesperson for the company says, "We offer our clients the complete package to revamp their home or office. When they come to us, they are not only looking for construction services but also for our design and development expertise. We bring to the table a holistic approach to engineering and design. Our engineers work in close proximity to our designers on most projects. This cross-pollination of skills and ideas is what distinguishes us from the rest of the pack. Our mission, at the end of the day, is to leave the customer satisfied and we pull out all stops to make that happen."

When asked about the philosophy behind the company's work, the spokesperson says, "We always look out for the customer and their needs. This is a client-facing business and any tardiness or lack of professionalism would instantly reflect on our ratings and reputation. We have inculcated strict processes that bring out the best in the talented construction professionals who work for us. We demand excellence from all our employees and achieve it through rigid discipline and rock-solid integrity. We always finish all our jobs on time, within budget, and always to the specifications. When you hire us, you are hiring the best construction company in Quebec."

Interieurs Nader is a proud member of professional construction associations BOMA International (Building Owners and Managers Association), Régie du bâtiment du Québec (Quebec Building Authority), Association de la construction du Québec (Quebec Construction Association), and Association Professionnelle des Designers D'intérieur du Québec (APDIQ). The company's clientele includes The Suburban, Sacre-Coeur, Air Canada, Stick2, Payworks, Pubco, Subway, Mitchel-Lincoln Packaging, Kaycee Aerospace, and many others.

The company can be reached at the phone number (514) 582-3110 or at the email address info@indesignconstruction.ca.
