Haul-My-Mess.com, a junk removal and dumpster rental service operating in the Greater Cleveland Ohio area, has launched a new website. The company has been providing Cleveland dumpster rental and junk removal services since 2008.

The company has a very streamlined dumpster rental and junk removal process thanks to its new and improved website. A customer can book a dumpster online or even over the phone. The customer can schedule a date and place for the dumpster drop-off. The company drops off the rental dumpster and comes back later after the stipulated time to pick it up again. The process is handled transparently to the customer who just has to make sure they load their trash in the dumpster within the time for which they are renting it. The new website makes the entire process easy and foolproof.

The company offers two kinds of services - dumpster rentals and junk removal. Dumpster rentals allow the customer to rent a dumpster for a set amount of time. Customers can book a 10-yard dumpster, a 15-yard

dumpster, a 20-yard dumpster, or a 30-yard dumpster according to their needs. The dumpsters cost $275, $325, $375, and $450 respectively.

The 10-yard dumpster is 11 feet long, 8 feet wide, and 3 feet high. It can be rented for up to 7 days with $15 for each additional day. The base price includes 1 ton of weight with $60 charged for each additional ton. The 15-yard dumpster is 11 feet long, 8 feet wide, and 4.5 feet high. It can be rented for up to 7 days with $15 for each additional day. The base price includes 1.5 tons of weight with $60 charged for each additional ton. The 20-yard dumpster is 14 feet long, 8 feet wide, and 5 feet high. It can be rented for up to 7 days with $15 for each additional day. The base price includes 2 tons of weight with $60 charged for each additional ton. The 30-yard dumpster is 16 feet long, 8 feet wide, and 6.25 feet high. It can be rented for up to 7 days with $15 for each additional day. The base price includes 3 tons of weight with $60 charged for each additional ton.

Junk removal involves the customer already having demarcated the trash that is supposed to be picked up. The company sends over its truck with enough manpower to load the trash into the truck themselves. Once the truck is filled or all the junk is loaded in the truck, the truck sets off on its way leaving a clean workspace for the customer. The customer is charged by the percentage of the load for the junk removal service. A 25% load costs $215. A 50% load costs $339. A 75% load costs $429. A full load costs $519.

The junk removal dumpster can be booked for 2-hour appointments. The customer has to enter the details of the kind of junk they want to be removed and its location while filling out the online booking form. The company will call the customer 15 minutes before arrival. The company?s technicians will give a quote to the customer when they arrive on the site after a visual estimation of the junk that needs to be hauled. Once the customer agrees to the final quote, the technicians will begin loading up the truck.

Haul-My-Mess.com is experienced in all kinds of junk removal and recycling. They can help clients with problems such as refrigerator disposal, garbage removal, mattress disposal, foreclosure cleanouts, construction waste removal, yard waste removal, trash removal, appliance removal, television disposal and recycling, furniture removal, e-waste disposal, hot tub disposal, and many more.

The company offers a no-obligation upfront pricing quote for those mulling over ordering its services. The company can be reached at (216) 799-9911 for all inquiries. More information about the company along with customer testimonials can be found on its website at https://www.haulmymess.com/.
