May 24, 2021 - PRESSADVANTAGE -

Pensacola, Fla. ? Across the country, city leaders are encouraging local residents to shop and dine locally to help aid in the recovery from the loss of sales during the pandemic. Locally, a trophy company in Pensacola, Award Masters Inc., is pleased to have come through the other side successfully, and with a growing sense of gratitude.

During a year when many local businesses struggled, retailers across the country looked for new, creative ways to adapt to the ever-changing conditions of the COVID-19 pandemic. The awards and recognition companies were no different. With the absence of the typical sporting events and awards ceremony, Award Masters looked to providing their community with specialized items to aid them in remaining safe during the health crisis. The company began producing custom-made face masks and branded ?Touch Tools,? designed to reduce the need for direct contact with various surfaces such as public doors or credit card machines.

While Award Masters certainly felt the effects of the pandemic, the support they received from their community continues to bolster the company's outlook on their future.

"Tami and I are extremely thankful for our local, regional, and national customers who continue to go out of their way to buy from a locally owned and operated small business," says Eddie Hill, one of the store owners.

Award Masters has been serving the Pensacola community since 1981, and they are proud to hold the title of the city's largest awards shop. Over the years, they have worked tirelessly to deliver only the best service and the highest quality products to their customers. The company showroom is located at 5353 North Palafox St. in Pensacola, FL, where they display their large variety of products, such as sports trophies, medallions, engraved plaques, and corporate awards.
