*May 24, 2021*

May 24, 2021 -
White Plains, NY - White Plains Personal Injury Lawyers look forward to offering helpful information for slip and fall accident victims in their upcoming webinar. Find more information on their accident law firm in White Plains by visiting: https://banvillelaw.com/personal-injury/white-plains/

Those interested can find their local law office at 44 S Broadway #100, White Plains, NY 10601, and they can be reached by calling their 24/7 helpline at (914) 228-1866.

Laurence Banville, the managing attorney at Banville Law, shared some information regarding the webinar stating, ?We plan on hosting our webinar on May 27th, 2021 at 5 PM through a zoom session that will be open to all residents in and around our White Plains law office. We plan on discussing the types of compensation accident victims can receive if they were involved in a slip and fall accident.?

The White Plains law office assists injured victims who have been involved in slip and falls as well as car accidents, medical malpractices, work injuries, dog bite injuries, sexual abuse cases and other forms of personal injuries.

?Given New York's large scale, there are numerous places where slip and fall injuries can occur, as well as several causes that can cause an accident such as ice and snow, broken or uneven sidewalks, spilled liquids, and more. We hope to provide residents with some insight to help them prevent an accident like this from occurring, and in the case, one does occur, they can be prepared on what steps to take to protect themselves,? Mr. Banville concludes.

The White Plains personal injury attorneys will frequently schedule local events in the community, so keep an eye out to stay up-to-date.
