

Burgers Restaurant in Cedar Falls Announces a New Website Launch and Fast Fresh Menu Additions

June 03, 2021

June 03, 2021 - PRESSADVANTAGE -

Popular Cedar Falls burger and shakes restaurant, Oh My Grill, has just recently announced that several changes have taken place with their company. This includes the launch of a new and improved website that better describes who they are and the types of food that they offer. The restaurant announced that along with the new website, there have also been some menu changes with an increased emphasis on fast and fresh food. All of this has been done to enhance the experience that customers have when dining at Oh My Grill in person or ordering food for takeout.

This burger & shake restaurant's owner, Omer Noorwala, says, "Like all businesses, we sometimes have to make changes to keep our restaurant exciting and to also serve our customers better. That's exactly why we decided to launch our new website and make some changes to our menu. You might say that it's our way of keeping up with the times. While the website and some menu items are new, we can assure our customers that the same old genuine hospitality and tasty food we have become well-known for have not changed a bit."

Noorwala went on to say that his restaurant's signature food items are the burgers and fries that they offer. Many of their customers state that eating these is more of an experience than it is just a meal. Some of their burger offerings include their classic and mushroom & swiss burgers or more creative burgers such as their El Casa La Fuego and The Marty Robbins. Their burgers are nicely complemented by a side of traditional French fries or more exotic versions such as their garlic mayo or loaded fries. The restaurant owner says that it also helps that their food is locally sourced for freshness and such ingredients as their beef come right from Iowa and meat is ethically obtained. Their burgers are also made with 100% certified halal beef patties and are never frozen. Oh My Grill's in-house sauces help round out the eating experience. Other food offerings include fresh garden salads, chicken, onion rings, and popular appetizers such as jalapeno poppers and cheese curds served with ranch dressing. Noorwala says they also try to keep the atmosphere lively while their customers are eating so they can keep up their reputation of being a fun American fast food

restaurant.

According to the restaurant owner, their shakes are as sought-after and unique as their burgers. Part of this is because the ice cream that goes into them is locally sourced. He mentioned that it comes directly from Hansen's Dairy which has long been a popular creamery in the area. This premium ice cream along with a little resourcefulness has helped them create such favorite milkshake items as their classic vanilla, chocolate, and strawberry milkshakes along with their more creative Reese's® peanut butter cup, Strawberry cheesecake, and Vanilla cookie dough milkshake offerings.

Both old and new customers have written reviews that state they are genuinely satisfied with the food and service at Oh My Grill. Nora Balvanz wrote, "Best customer service, they genuinely care about their customers! Each time I've been here it's never been disappointing. They use Hansen's Dairy (locally sourced) ice cream in their milkshakes too -amazing! Each burger I've tried has not disappointed either, my favorite is the Wake n Bake, which includes a fried egg. Oh My Grill is one of my absolute favorite spots in the Cedar Valley!" Lacey Moser stated, "Made my day. I randomly picked this place because I wanted to go somewhere different and I'm so glad I did. Such an awesome vibe and crew. Best milkshakes ever! I also had mushroom and swiss with the garlic mayo fries. Literally OMG! So, going back and highly recommend!"

The owner also pointed out that Oh My Grill is located not too far from the University of Northern Iowa campus. That makes it a popular place for students to satisfy a burger craving or share a round of milkshakes with their friends. He says that they are an establishment that always recognizes that many college students are on a tight budget at times. That's why Oh My Grill makes sure that all students get 10% off on all food menu items including shakes. Noorwala mentioned that he enjoys that his restaurant can offer a nice change of pace that helps students relax and take a break from their studies once in a while. Noorwala says that everyone is welcome to come join them for some fun and a delicious meal and he added that they are open from 10 am to 11 pm every day of the week.
