

Ultimate Flags Helps Support Veterans

June 01, 2021

Okeechobee, Florida - June 01, 2021 -
Okeechobee, FL based Ultimate Flags Inc. recently donated some of their best flags to the Sacred Mountain Retreat Center, a non-profit organization dedicated to providing assistance to Veterans and Emergency Workers. The Center has long made it their mission to help Veterans and first responders as well as other emergency personnel deal with the incredible stress of serving the country and its communities. As such, Ultimate Flags is grateful for the opportunity to support such a worthy cause.

?We wish them all the best in their endeavor to help our heroes,? says Ultimate Flags in a recent blog post, ?and will continue to support groups like these that make this world a better place. Thank you from the bottom of our hearts for all that you do! We are so honored to be able to help these true American Heroes.? Ultimate Flags donates to support Veterans on a regular basis.

As one of the most recognizable and reputable flag makers in the country, Ultimate Flags? products can be expected to feature nothing less than the highest quality possible. As a company that is American-owned (by descendants of Paul Revere), their team is highly conscious of the vast sacrifices that are made each day to protect the country. With this in mind, they make it a point to deliver nothing less than their best when they

take any action to support the people who help protect local communities across the nation.

This commitment to honoring Veterans as well as the US? proud history is even evident upon visiting the company?s official website: a banner immediately shows visitors how they may join the Ultimate Flags Heritage and History Club for free. This Club shares inspiring stories about patriots and other legends from history as well as contemporary heroes in addition to other pieces of information that celebrate the American way of life.

In fact, those interested in supporting the company?s efforts on this front are welcome to visit the Ultimate Flags special FB page dedicated to honoring those who serve. Many of the stories they highlight can be found here as well, and the company encourages their community to engage with any and all posts that speak to them. The page brings little known stories to the forefront, sharing links and other resources that speak of incredible stories of bravery and perseverance from across American history. The same can be found on the company?s blog, which is open to all.

Ultimate Flags also makes their commitment to the country clear in the way they run their business. Customers have long come to expect nothing less than perfection when placing an order for a custom flag with the company. The sheer variety of flags that can be found on the Ultimate Flags website is staggering as well. Their site offers access to numerous flags that represent states, political parties and affiliations, religions, the nation?s forces and so on. While the company is always pleased to serve customers who purchase flags that honor the country?s defenders, they also provide more whimsical flags, from smiley faces to pirates and everything in-between. Notably, the company uses discreet packaging for all their flags, ensuring that customer privacy is respected even in the delivery process (this also makes it easier for those who wish to obtain a flag as a surprise gift).

Customer reviews often attest to the attention to detail Ultimate Flags displays in their work. A Google review from Erin T. states, ?5-Star. Way above and beyond with product and customer satisfaction. Fast response to emails, great customer service and stellar products. Definitely will be giving future business! Highly recommend these guys to anyone looking for quality flags. 100% satisfied with the extremely large selection of flags as well. A++ keep up the phenomenal work!?
