Stretch Mark Removal Cream Now Has Money-Back Guarantee Announces Bella Joi

September 24, 2015

September 24, 2015 - PRESSADVANTAGE -

Bella Joi, an online-based beauty products company, announced earlier that their stretch mark removal cream now has money-back guarantee. This is still part of their efforts to provide quality service for all their customers.

"We are very happy to share with everyone that we now have a money-back guarantee policy for our customers who are getting our highly-rated and very popular lotion for stretch marks. Because of this, every order is now 100% risk free", says Holly Richards, Bella Joi spokesperson. "We believe that this is an important aspect of good customer service. The duration of the money-back guarantee is 60 days."

If reviews are to be considered, it is safe to say that customers are satisfied with this cream. In fact, the product has received so many positive feedbacks already. In one review by Alicia McBride, she wrote, "I have tons of stretch marks from my 3 amazing kids and hate how they look. Most creams only prevent new stretch marks. Not this Bella Joi Stretch Mark Cream. It reduces existing as well! It was created by an actual doctor and has 3 nourishing creams in it. The cream absorbs really quick and does not leave you feeling greasy and gross. You feel soft and beautiful and hydrated. Plus since it absorbs quick your clothing does not

stick to you. There is a money back promise but I don't think you will need it. It smells great and actually works. I can tell my marks are getting a bit lighter and less noticeable. I am sure by the end of the bottle they will be really less noticeable.?

This lotion was formulated by a naturopathic doctor and is now produced in a US laboratory. It contains three nourishing butters namely Mango, Shea and Cocoa. In addition to the butters, it also contains Jojoba Oil, Olive Oil Rose Hip Seed Oil and Aloe. The concoction of natural ingredients helps in moisturizing the skin especially if it has become dry and overstretched because of pregnancy and weight gain.

Again, 3 Bees and Me's stretch mark lotion now has money-back guarantee. It is still available online at amazon.com.
