Paddleboarding is a hugely popular hobby in the United States. Participation in paddleboarding has steadily increased over the last decade with the number of participants in millions rising from 1.15 in 2011 to 3.56 million in 2019, according to Statista.com. There have been significant improvements in the design of the paddleboard that have made the hobby much more accessible than it was in the past. A big factor in the surge in popularity was the introduction of inflatable boards. Inflatable boards are much more portable and thus compelled more people to try the hobby.

Bluet SUP is an outdoor company in Texas that offers SUP rentals, classes on SUP pilates & yoga, classes on SUP, and trips to destinations such as Chacala, Mexico. A review of Bluet SUP talks about its services by saying, "One hour of paddleboarding on July 3 to kick off the fun weekend was just what we needed! Sunshine and freedom to move!! We are all first-timers and had an awesome morning. Nine years old to 50 and we all managed just fine. What a fun experience! We can't wait to do it again and are all talking about investing in our own boards. Thank you BLUET SUP!"
