

OVO Suites Releases New Hands Free Segways and Smart Mini Scooters

September 25, 2015

September 25, 2015 - PRESSADVANTAGE -

OVO Suite, a company based in Montreal, Quebec, has announced the release of new line of eco-friendly electric transportation devices. This includes the mini 2 wheel electric scooter also known as the hands free segway and electric unicycles.

Being popular in Instagram, Facebook and Snapchats as well as celebrities spotted using it, segways have become one of the hottest toys in the market. With so many choices in the market, OVO scooter boards give customers the best ?imitation of floating above the earth? experience with their top of the line quality segways.

?We take pride in the quality of our products,? says Daniel Patterson, Vice President of OVO Suite, when asked about the strengths of their company. ?Our brand has been voted as one of the best hands free scooter for 2015 and will continue to maintain that reputation over the years, especially now that we have new products coming out in the market,? he added.

OVO Suite showcases their new products online through their website so customers will have the convenience to choose and order from their wide variety of hands free segways and hands free scooters. Their strong delivery network ensures that they will provide customers with the kind of service they expect from a company.

For more information about OVO Suite and to order, you may visit their website at www.ovosuite.com or email ovosuite@gmail.com. They advise their customers to frequently visit their website for upcoming deals and special discounts especially for their hands free self balance scooter.
